

## Shalom and Good-bye, Part 2

Babushka eggs concept books and associated research pearls discovered a lot of new science facts that highlighted God's Plan for Mankind not allowed or preached in churches. Most Christian theologians are stuck in questionable dogmas of many biased denomination from the Middle Ages. Thus no wonder rejected Babushka egg concepts as heresy denied in Prophecy Summits. Being scantily educated in science is poorly informed about the reality of a forthcoming Apocalypse to save mankind again. Unbelief will misunderstand God's plan only to repeat Noah's civilization and perish. Why not trust what Yeshua-Jesus said?

The Creator ELOHIM sent another Jonah-II into the global town square, but he had to overcome two obstacles because the time has arrived once more for **God's Wrath** to end in absolute Evil. Two major hurdles prevented recognition of God's Plan for Mankind. First, theorized, false Christian dogmas fueled by greed, linked to a corrupted IRS rule, took away the freedom to speak the truth, which was still guaranteed by the American Constitution. The other obstruction suppressed a lot of true forgotten science in global universities teaching fairy tales that caused a generation easily to be brainwashed in lies. Thus, we became totally ignorant of collected knowledge that I still remembered from the 8<sup>th</sup> grade. It silenced truth for 100 years replaced with falsified deception. By God's grace, I survived Hitler's Germany with enough education to become an inventor-scientist. In retirement I gathered forgotten evidences of censored science facts linked to suppressed historic witnesses for ten years to prove the justification. I even dated **God's Wrath** forbidden in church. But I collected forbidden information now used in exploring a divine creation. Professionally educated in advanced research, I could understand better the laws of nature linked to the Torah-Bible, which expanded my knowledge horizons to better comprehend the Plan for Mankind.

Only Babushka concept eggs highlighted God's Kingdom on earth with collected evidence of many historic witness facts to prove the justification of God's Wrath from a science and political perspective. The foretold coming divine Kingdom will be governed totally different. Mankind was created to fulfill a two stage purpose to live on this earth with individual rights to happiness and given the fundamental right to life and existence, the freedom of thoughts and conscience, the right of religious expression to chose good and to defend against evil.

It is summed up: honor the Creator and in the Second Commandments given to mankind to love your neighbor as yourself. It required to be a good steward of our earth the only place where life could exist in the universe and honor nature designed to give all what we need.

But from day one since Adam mankind has not helped to self-sustain nature exploited the resources of mother earth and has raped her destroying life and food for the next generation. It violated the other commandments to steal and raid a neighborhood and kill its leadership to gain wealth. A fallen humanity got used to wars to enslave their children and destroy what they labored for. New cultures and nation emerged still rejecting what is good, while choosing evil confirmed their excess greed, thus serving Lucifer, worse opposing and blaming the Creator.

Check the result of capitalism and social-communism: both are evil in God's sight robbing their neighbor and enslaving their children. They set up evil systems ruled by autocrats of many names to enforce their crimes only to destroy this earth and every gift nature provided. They built themselves big houses and government buildings plated gold on the walls stolen from those they enslaved and created an open detention camp of inhuman living conditions. Those not complying are put in prison, tortured and killed for not obeying their rules.

However, God is watching his creation. When evil has reached the limit of his tolerance will respond with his Wrath like Sodom and Gomorrah to save the rest of man to start over again. That arrangement was preserved for 6000 years in a Bible-Torah book to record the history of mankind for the next generation to show the outcome when the rules of life are violated and willfully destroying the environment impacting nature to cause *absolute evil* - Life extinction.

As a child, I used to watch caterpillars to emerge as a butterfly from the cocoon to understand nature. They are no longer around as worldwide **Free Energy** is forbidding accordingly caused the destruction of the environment denying the Laws of Nature, like cutting off the branch they sit on which has consequences watch the next year prophesied, ignoring the other side of the equation. Mankind's history was foretold in advance to arrive again at the juncture to experience once more **God's Wrath** to stop evil for the next generation. Historically, twice a billion in population were wiped out, which became absolute evil. They forgot the purpose of God's creation believing atheistic evolution fairy tales to become brain-dead only to perish.

However, this time a global world will be governed by a divine instituted system creating new civilization to be born anew described in the Bible and confirmed by Yeshua. Read the Gospels and include true science to start a new birth after - **1 Tishri 5778** to give mankind for the first time a Sabbath rest for 1000 yrs. peace desired by everybody. Notice, the new global world system is from divine origin designed like a monarchy system to rule with an iron rod needed for stubborn mankind. Only the Ten Commandment will be worldwide enforced as common law memorized by every child. God the Creator ELOHIM will be worshiped with great honor. It will start without money, which is a curse of all evil, soon to be obsolete, not needed. No prison will exist as evil is judged within days by righteous judges approved by Yeshua, the King of Kings.

The future judge is above mortality no longer subject to corruption being qualified as a Saint through the mini-resurrection. They are highly honored having access to the Golden City shown by the angel after the 7<sup>th</sup> Trumpet parked near Jerusalem. (Rev. 21:9) Linked to divine knowledge, they will guarantee global justice on a different level by looking at the intent embedded invisibly in the mind, deciding for good or evil to be instantly judged with consequences. Satan is no longer around to tempt for evil. Thus, a verdict is righteous if evil is found. To damage nature again or cursing the Creator will not be allowed. The divine laws will protect every person's liberty and happiness like the American Constitution tried to establish but failed governed by money colored with innocent blood.

Scripture reveals a big climate change after the second asteroid impact on earth. Perhaps Dactyl a one-mile stone is the candidate discovered by NASA. The climate became more tropical just like before Noah's days melting the permafrost areas around the Northern region for growing food for a ten times bigger population living in peace. All manmade GMO aberrations have died as nature is unforgiving reproducing prolific the original species again. Only one language again will be spoken – Hebrew, but each of the 70 nations will keep their cultural identity expressed in colorful dresses or dancing like the German Schuhplattler not forgotten living longer again similar to the previous Genesis patriarchs. Those who pass the test truly will fulfill a promise elevated to royalty: **Let us make men in our image.** (Gen. 1:26)

Make sure when you die that you have an eternal life insurance policy from Yeshua-Jesus. Read what he said before it is too late about being pardoned and invited to live forever in his presence, discovering that He loved you all along being special. Everybody has heard the name "**Jesus**" who proclaimed that He is the divine Son of God and proven by his resurrection seen by 500 witnesses in science and history. Only atheists deny that nature reflect a life duality like a caterpillar goes into the cocoon to emerge a butterfly, or a seed must die to become a tree. Why deny the science in your own physical body to witness an invisible mind controlled by an embedded divine intelligence being linked to the metaphysical domain to express the reality of LIFE, only explained in the Bible to make you wise.

To be safe, just trust what was written in John's Gospel 1:1, "**In the Beginning was the Word ...**" and verse 14, "**The Word became flesh**" ending in verse 51, "**You will see heaven opened. ...**" On Golgotha there were three crosses. One thief on the side received a promise from the author of Life, "**...today you will be in my kingdom,**" which does not need an education. Just believe Yeshua-Jesus who died for me, who gave all he had because we are precious in his sight. Read Babushka egg **Pearls #270** and **#276** could widen Bible knowledge horizons. I am sure it is over linked to a corrected Hebrew calendar ending at the **solstice 2017 (5778)**.
