

Which Calendar is Correct?

"I've completely lost track. Is it 1 million or 2 million notches to A.D.?"

[Time - Times - 1/2Time]

A Bible prophecy calendar code not understood in Christian churches is now deciphered by science. The "TIME" mystery connoted declining earth-axis-wobbles which stopped recently on **21.December 2012**. Worldwide we have five calendars: Julian, Gregorian, Hebrew, Aztec, Chinese measuring time, should add discovered in museums many bronze-gold clocks revealing ancient calendar structures - *Babushka egg book #3*. However one more calendar is mentioned in the Bible prophecy, **Daniel 12:7, 7:25 & Revelation 12:14**, resembling (7) court witnesses to prove **God's Wrath** foretold. (Sound Bite #13)

Most theologians and pastors are corrupted loving money more what they preach not to lose their IRS tax privilege to support habituated benefits. Hiding behind a Bible burqa, they avoid telling the truth. When free speech is silenced, it is no longer free. They degenerated becoming wealthy entertainers to destroy Christian culture, as money further built a debased brain-dead turkey ranch church only to perish. When God's Word is compromised, it helps Satan to entrap more pew-Christians who are ready to vote for atheist bureaucrats being controlled by psychopath NYC bankers to rule a New World Order. You will never hear in church that (7) billion people on this earth could benefit from forbidden **free Energy** invented 100 years ago by Nicola Tesla and Hoffmann or relate it to exposed prophecy.

Not being well educated in science, they cannot be trusted to date prophecy, which has consequences. Why is the air polluted, rivers now fishless, the oceans a sewer, sterilized farmland causing horrible global diseases saturated with GMO poison to exterminate all Life only to generate absolute Evil never preached in church affecting their children? Maybe should investigate the Bible from a science perspective avoided and not discussed in Prophecy pretender Summit clubs. You be the judge.

The Torah-Bible has a base-7 math system defined by the Hebrew Alphabet Number System (HANS) embedded in Genesis. It was structured to calculate solstice year cycles similar to the Aztec clock and Genesis calendar dated before Noah (2288 BC). But if you study a little ancient history and mystery clocks found in museums as decoded in Babushka eggs, you will widen knowledge horizons forbidden in universities and churches. But before Noah's Flood the earth axis tilt was

different. After 5 February 2287 BC the earth axis shifted due to an asteroid strike, thus we now calculate by Julius Caesar or Jesus Christ, both valued [JC], counting solstice years finalized in the Gregorian calendar from the Middle Ages. The others are from ancient history, which will help to verify conclusions. Babushka egg concept book #3 **Asteroid Answers to Ancient Calendar Mysteries**.

The Hebrew metaphysical domain consists of the heavenly *Heh* dimension (Angel world) and Earth (**Genesis 1:1**), which is the *Daleth* dimension as the earth is like an incubator for Mortals. The coming *Jod* dimension is the New Heaven & New Earth. Only the Father Creator ELOHIM knows when the Time Dimension will become obsolete. (**Matt. 24:35**)

I hope that NASA would consolidate five calendars to end confusion dating the Apocalypse. It perplexed inexperienced theologians always repeating a misunderstanding believing that *no one knows the time*, which should not be applied to the Apocalypse, if you can read what Yeshua-Jesus said. Hence, let's consider a little math. We have three (3) dimensions between *Heh & Jod* in center a *Daleth* Time-dimension because we mortals are subjected to calendars and clocks, still a paradox mystery. Some pearls are helpful: Correcting Hebrew Calendar Mistakes - **Pearl #264**.

God's Wrath is projected in science using the Julian calendar from solstice 2288 BC Noah reported an asteroid impact after 46 days on 2287.8740 BC (5 February) now linked a future judgment from a Hebrew calendar by simple math **2016.7563 AD** (3 October) dated totaled **4304.6303** solstice [JC]. What is not known is that the Genesis calendar [G] before Noah's Flood 2288 BC and the "Creation" seven-day cycles [C] before 4004 BC is still speculated by theologians but can be traced accurately with science. A fascinating history book with an unusual 14 feet long chart was published and recorded important rulers and kings collected across mankind since Adam. (**Wall Chart of World History** - Professor Edward Hull MA. LLD. FRS.)

The *Daleth* Prophecy calendar has 7000 cycles and is divided by (3) references mentioned by Daniel about 588BC and John 96AD = [1xT] + [2xT] + [1/2 x T]. Defined in simple math:

$$1xT = (C?+G?) + 2xT = 4304.6303 [JC] + 1/2 xT (S?)$$

$$(2287.8740 + 2016.7563=4304.6303)$$

$$\text{If } = 2xT \text{ is } 4304.6303[JC] \text{ thus } 1xT = 2152.31515 \quad +$$

$$1/2 xT = 1076.157575 \text{ total} = 7533.103025 [JC]$$

The ratio of the Prophecy calendar 7000 cycles divided in the 7533.103025 = **0.929231948212**

Thus the ancient prophecy calendar is confirmed in math:
 (1xT - 2152.315150 x 0.929231948212 = **2000.0000** JC)
 (2xT - 4304.630300 x 0.929231948212 = **4000.0000** JC)
 (1/2xT - 1076.157575 x 0.929231948212 = **1000.0000** JC)

It confirms a Bible code of [Time - Times - 1/2Time] incorrectly dated by prophecy scholars being linked to 7000 Hebrew Prophecy years that decoded the Apocalypse exactly matching when Yeshua-Jesus said, "In *one generation I will come back*," which is the only authority I accept.

Counting 70 years from the 21 November 1947 UN Resolution #181 making ISRAEL a modern nation fulfilling prophecy, ends at **2017 AD**. (S) is a Sabbath rest of God's Kingdom on Earth completing a 7000 Daleth Hebrew Prophecy calendar. Once more to calculate unknown years of (S) lets apply the last sequence of the prophecy calendar still future $\frac{1}{2}xT = 1076.157575 \times 0.929231948212 = 1000$ [JC] matching **Rev. 20:7** "...and when the thousand years ended..."

Now to find the Genesis calendar (G) = **1716** yrs. (2288 BC-4004 BC) or count from 5777 and add 120 Jubilees. But notice, before Noah conventional solstice year cycles time is relative as the earth axis calendar changed to one grand-solstice @ 360 days with (7) solstice turns like the ancient Aztec clocks & Genesis Ages demonstrated. Stipulated, if $(1xT = 2152.315 \text{ yrs.})$ which is (C+G) thus could now determine the seven day Creation calendar (C) = **436** yrs. (2152 -1716 JC).

Previously the solstice calendar BC-AD was corrected by adding 35 yrs. [JC] on the 9th cycle, now **35 AD** on the 7000 Hebrew Table. *That changed the projection to match Yeshua-Jesus' Passover Death 35 AD to 5777 (10 April 2017, his Passover Return, adjusting the equation C= 471[JC] (436+35). A corrected C+G= (471+1716) =**2187**[JC] and start (2288 BC+2187=**4475BC** [JC] matching Satan's rebellion?*

The 7000-year Hebrew calendar previously was dated 4488 BC [JC] pretty close to 4488-4475 BC but off by 13 solstice years and needs to be divided by 7 [G] cycles. The difference is **1.8** yrs. [JC] because fractions are difficult for me to compute when the exponentially declining earth axis wobble is ignored by NASA. They wondered about a recent earth axis movement and G.R.A.C.E published 14 hr. in @ 2006. Atheistic scientists postulated a BC-AD juncture to be 2 BC, 4 BC, 6 BC, I pick "0" - now added to my calendar projection **1.8** yrs.

Therefore keep watch, because you do not know the day or the hour. (Matthew 25:13)

Watch the sky, the day or hour within one year, will start **God's Wrath**. Thus, the Jonah-II warning is concluded, ending this Hebrew prophecy year as stated in the Torah-Bible seventy times *ON THAT DAY* as documented in my **11th Babushka egg concept book**. Calculated from Solstice **2015** plus a **1.8 yr.** correction will end exactly on **1 Tishri 5778**. Thus, it confirms **the 120th Jubilee (2:T)**, which sums up the Apocalypse schedule. Just add the **Seven Thunders** from 21 Sept. 2017 and count like Noah's flood **190 days** (40+150) when it rained **40 days**, or Jonah's Nineveh **40 days** warning to end once more in a deliverance Easter holiday / Purim, many more overlays.

The Time Dimension is now measured with ancient clocks, or atom clocks in Femtosecond, to earth axis wobbles in solstice years to light years using NASA science will better understand the 7 creation periods before 4004 BC. The 7 creation day-cycles were split and divided into six days, the first 3 days are timeless, followed by the 4th day-sun & moon, which started "Time". Therefore, watch the TV-MEDIA from Solstice 2017 and hopefully you and me will survive God's Wrath as God's Kingdom will be born trusting my savior Yeshua prophesied that this civilization will perish, thus please read **John 3:16**.

My conclusion is that the projection date for Yeshua-Return is correct **1 Tishri 5778** plus adding the Seven Thunders **190 days** could be linked to Rosh Hashanah to crown Yeshua King of kings to rule the next worldwide civilization. The juncture 5777-5778 is a divine paradox matching many prophecies and is proven by Yeshua-Jesus dating corresponding to a United Nations resolution plus 70 years to conform to a seven base Hebrew math system linked to additional witnesses. Ancient bronze-gold clocks in global museums also determined a correct TIME for the biggest event in the Sky. It will terminate the evil 21st Century Civilization judged like Sodom and Gomorrah with fire (not atom bombs) but matching the much bigger Noah's asteroid event. Check DACTYL on the web, if NASA does not tell you.

At that time the sign of the Son of Man will appear in the sky, and all the nations of the earth will mourn. They will see the Son of Man coming on the clouds of the sky, with power and great glory. And he will send his angels with a loud trumpet call, and they will gather his elect from the four winds, from one end of the heavens to the other. (Matthew 24:30-31)

A) The before Noah calendar projection (**1xT**) now theorized correct in many pearls spread throughout 14 Babushka eggs proving that the Hebrew calendar wobble solstice years were wrong after 2288 BC not being constant as measured today with an 365.24 day earth-sun orbit with a fixed axis of 23.5°. Accept only assumption without fraction. Thus now is confirmed that clock gears must mesh to zero no fractions (**2000.0000**), as one tooth off messes up an Apocalypse cuckoo time.

B) The (**2xT**) in the middle is measured by a Gregorian calendar now harmonized **4000.0000** without fraction and matched divinely instituted Moses moon holidays with a corrected Hebrew calendar. Two asteroids (First 2288 BC - Second Dactyl 5777-5778) will impact an earth axis wobble in three different time cycles. The middle is now dated.

C) The $\frac{1}{2}xT$ of **1000.0000** years in **Revelation 20:7** has no fraction in my calculation. When 3 cycles match as confirmed by the Hebrew HANS base "seven" linked to the Genesis Patriarch age calendar, they add to the astronomical probability not need (5) witnesses testify to truth. The Seven Thunders in Rev. 10 previously described events in Babushka eggs are thus correct. Hence, I am convinced we will not survive the Seven Thunders: you and I could lose our mortal bodies in max **1.8** yrs. from solstice **2015**, or believe what Yeshua-Jesus said **Pearl #888** and get ready after Passover **5778** to a day or hour.

Be careful, or your hearts will be weighed down with dissipation, drunkenness and the anxieties of life, and that day will close on you unexpectedly like a trap. For it will come upon all those who live on the face of the whole earth. Be always on the watch, and pray that you may be able to escape all that is about to happen, and that you may be able to stand before the Son of Man. (Luke 21:34-36)
