

## Which Calendar is Correct?

"I've completely lost track. Is it 1 million or 2 million notches to A.D.?"

### [Time - Times - ½Time]

A Bible prophecy calendar code is not understood in Christian churches but could be deciphered with science. A "TIME" mystery was revealed by declining earth-axis-wobbles, which stopped recently on **21 December 2012**.

Worldwide we have five calendars: Julian, Gregorian, Hebrew, Aztec, Chinese measuring time, should add discovered in museums many stone-bronze-gold clocks revealing ancient calendar structures - *Babushka egg book #3*. However one more calendar is mentioned in the Bible prophecy, **Daniel 12:7, 7:25 & Revelation 12:14**, and adding a HANS code will have (7) science witnesses to win a case in any Court of Law to verify the Endtime.

Most theologians and pastors are corrupted loving money more what they preach not to lose their IRS tax privilege to support their habituated payback. Thus hide behind a Bible burqa avoiding telling the truth. When free speech is silenced, it is no longer free. They degenerated became wealthy entertainers to destroy a Christian culture, as money will cause a lukewarm Christian church busy in religious fake spirituality destined to perish. When God's Word is compromised, it helps Satan to entrap more pew-Christians who are ready to vote for atheist bureaucrats being controlled by psychopath NYC bankers to rule a New World Order. You will never hear in church that (7) billion people on this earth could benefit from forbidden **free Energy** invented 100 years ago by Nicola Tesla – Electricity and Hoffmann a school teacher invented splitting water into Hydrogen a perfect fuel for a Diesel motor of zero pollution, or relate it to exposed prophecy.

Not being well educated in science, they cannot be trusted to date prophecy, which has consequences. Why is the air polluted, rivers now fishless, the oceans a sewer, sterilized farmland causing horrible global diseases saturated with GMO poison to exterminate all Life only to generate absolute Evil never preached in church affecting their children? Maybe should investigate the Bible from a

science perspective avoided and not discussed in Prophecy pretender Summit clubs. You be the judge.

The Torah-Bible has a base-7 math system defined by the Hebrew Alphabet Number System (HANS) embedded in Genesis. It was structured to calculate solstice year cycles similar to the Aztec clock and Genesis calendar dated before Noah (2288 BC). But if you study a little ancient history and mystery clocks found in museums as decoded in Babushka eggs, you will widen knowledge horizons forbidden in universities and churches. But before Noah's Flood the earth axis tilt was different. After 5 February 2287 BC the earth axis shifted due to an asteroid strike, thus we now calculate by Julius Caesar or Jesus Christ, both valued [JC], counting solstice years finalized in the Gregorian calendar from the Middle Ages. The others are from ancient history, which will help to verify conclusions. Babushka egg concept book #3 **Asteroid Answers to Ancient Calendar Mysteries**.

The Hebrew metaphysical domain consists of the heavenly *Heh* dimension (Angel world) and Earth (**Genesis 1:1**), which is the *Daleth* dimension as the earth is like an incubator for mortal mankind. The coming *Jod* dimension is the New Heaven & New Earth. Only the Father YHWH knows when the *Daleth* Time-dimension will become obsolete linked to true science. (**Matt. 24:35**)

I hope that NASA would consolidate five calendars to end theological confusion dating the Apocalypse. It perplexed mostly ignorant Christians always repeating a misunderstanding believing that *no one knows the time*, which should not be applied to the Apocalypse, if you can read what Yeshua-Jesus said. Hence, let's consider a little math. We have three (3) dimensions between *Heh* & *Jod* in center a *Daleth* Time-dimension because we mortals are subjected to calendars and clocks, still a paradox mystery. Some pearls are helpful: Correcting Hebrew Calendar Mistakes - **Pearl #264**.

A *Wrath of YHWH* was projected in true science using a Julian calendar starting at 2288 BC linked to an asteroid impact. Noah reported to organize the ark needed 46 days which started a catastrophic worldwide Flood 5 February 2287BC(**2287.8740**) now linked to a future Apocalypse judgment, 3 October 2016AD (**2016.7563**). In simple math  $(2287.8740+2016.7563) = 4304.6303$  What is not known is that the Genesis calendar [G] before Noah's Flood 2288 BC and the "Creation" seven-day cycles [C] before 4004 BC, is still speculated by theologians but can be traced accurately with science. A fascinating history book with an unusual 14 feet long chart was published and recorded important rulers and kings since 4004BC.

(**Wall Chart of World History** - Professor Edward Hull LLD. FRS.)

The *Daleth* Prophecy calendar has 7000 year cycles and is divided by (3) references mentioned by Daniel about 518 BC and John 96 AD = [1xT] + [2xT] + [½ x T]. Defined in simple math:

$$1xT = (C+G?) + 2xT = 4304.6303 [JC] + \frac{1}{2}xT (S?)$$

$$(2287.8740 + 2016.7563 = 4304.6303)$$

$$\text{If } = 2xT \text{ is } 4304.6303 [JC] \text{ thus } 1xT = 2152.31515$$

$$+ \frac{1}{2}xT = 1076.157575 \text{ total} = 7533.103025 [JC]$$

The ratio of the Prophecy calendar 7000 cycles divided in the 7533.103025 = **0.929231948212**

$$1xT - 2152.315150 \times 0.929231948212 = 2000.0000 \text{ JC}$$

$$2xT - 4304.630300 \times 0.929231948212 = 4000.0000 \text{ JC}$$

$$\frac{1}{2}xT - 1076.157575 \times 0.929231948212 = 1000.0000 \text{ JC}$$

Thus the Torah-Bible code of [Time-Times-½Time] confirmed a Hebrew calendar of 7000 cycle years which started with 1xT= 2152 years but it is split in (C+G ) because of different earth axis wobbles calendars which existed before Noah's time 2288BC.

“C” is a (7) day Creation time period 4488BC- 4004BC?  
 “G” is a Genesis calendar 4004BC - 2288BC = **1716 yrs**,  
 or count from 5777 and deduct 120 Jubilees = 4004BC  
 Thus (C+G) is stipulated by (1xT = **2152.315 years**.)

To resolve “C”= a creation cycle (2152 -1716) = **436 yrs**,  
 But notice, before Noah we do not have conventional solstice year cycles (365.24 days @ 21.December 2012) as time is relative. The original earth axis was different and was changed by an asteroid (2288BC) with (7) solstice turns for one year [JC] demonstrated in many ancient museums clocks like the Aztec clock and bigger Genesis Ages. The last earth wobble in Noah-Daniels time frame was 360 day [JC] solstice. The 7000 Hebrew calendar was corrected by adding at BC-AD 35 years on the 9<sup>th</sup> cycle which changed a (7) calendar systems and created confusion. That is why Apocalypse projections are difficult to match prophecies as clocks in heaven are unusual not the same on earth. C= (436+35) 471 years.

Thus a corrected C+G = (471+1716) = **2187** which could match a Satan rebellion (2288BC+2187= **4475BC [JC]**? But the 7000-year Hebrew calendar previously was dated **4488BC** now is off by 13 solstice years (4488-4475). Thus the difference must be divided by a seven [G] cycle system. The discrepancy is about **1.8 yrs**. [JC].

Notice fractions are difficult for me to compute when the exponentially declining earth axis wobble is ignored by NASA fake science. They wondered about a recent earth axis movement and G.R.A.C.E published 14 hr. in @ 2006. Atheistic scientists postulated a BC-AD juncture to be 2 BC, 4 BC, 6 BC; - I personal pick “0” matching the Torah - now added to my calendar projection **1.8 yrs**.

To calculate the other unknown years of ½ xT (“S”) lets apply the last sequence of a future prophecy calendar.

$$\frac{1}{2}xT = 1076.157575 \times 0.929231948212 = 1000 [JC]$$

..and when the thousand years ended..”(Rev. 20:7)

Now the Apocalypse can be decoded better explained in *Babushka egg concept Book #1*) exactly matching when Yeshua-Jesus said, “In one generation I will come back,” which is the only authority I accept. Counting 70 years by overwhelming votes of a United Nation Resolution #181 dated (21November1947) which recognized ISRAEL as a modern nation. It fulfilled prophecy that will end in a Sabbath rest of God's Kingdom on Earth after **2018AD**.

**Therefore keep watch, because you do not know the day or the hour.** (Matthew 25:13)

Watch worldwide the sky after solstice 2017 within one year, every day or hour, will start the **Wrath of YHWH**. Most “warnings” were fulfilled from Jonah-II ending the dated Torah-Bible prophecies. Four Prophets stated (70) times **ON THAT DAY** as documented in my *Babushka egg concept book # 11*. Calculated from Solstice **2015** plus a correction of **1.8** years will end on **1 Tishri 5778**. Thus, it confirmed the **120<sup>th</sup> Jubilee** which sums up the Apocalypse schedule. However just include the **Seven Thunders** from **Solstice 2017** and count like Noah's flood **190 days** (40+150) when it rained **40 days**, or Jonah's Nineveh **40 days** warning to end once more in a deliverance Easter holiday-Purim, many more overlays.

The Time Dimension was measured with ancient clocks which exposed earth axis wobbles not used by NASA fake science postulated Femtosecond in atom clocks to Einstein light years. It is in conflict with (7) seven creation periods before 4004 BC. The creation day-cycles were split and divided into six days; the first (3) three days are timeless, followed by the 4th day-sun & moon, which started “Time”. Therefore, watch the TV-MEDIA from Solstice 2017 and hopefully you and me will survive the **Wrath** of **YHWH**, who once more will end a civilization. Thus hurry and accept the savior Yeshua-Jesus, maybe is invited to be a Saint in his divine Kingdom. (**John 3:16**)

My conclusion is that the projection date for Yeshua-Return is correct **1 Tishri 5778** and adding 190 days after Solstice 2017 could be linked to Rosh Hashanah to crown Yeshua King of kings to rule the next civilization. Thus the juncture 5777-5778 is a divine paradox matching many prophecies and is proven by Yeshua-Jesus dating corresponding to a United Nations resolution plus 70 years to conform to a seven base Hebrew math system linked to extra science witnesses. Ancient bronze-gold clocks in global museums assisted to determine a correct TIME for the biggest event in the Sky. **Sound Bite #13**

It will terminate the evil 21<sup>st</sup> *Century Civilization* judged like Sodom and Gomorrah with fire (not atom bombs) but watch a Noah's asteroid event repeated in our time like DACTYL on the web, if NASA does not lie.

At that time the sign of the Son of Man will appear in the sky, and all the nations of the earth will mourn. They will see the Son of Man coming on the clouds of the sky, with power and great glory. And he will send his angels with a loud trumpet call, and they will gather his elect from the four winds, from one end of the heavens to the other. (Matthew 24:30-31)

**A)** The theorized projection cycles (**1xT**) before Noah has been documented in true science in many Pearls and 14 Babushka eggs proving that the modern Hebrew calendar should be adjusted to (7x) shorter solstice years. Before 2288 BC a solstice year was not constant as the earth axis is now fixed @ 23.5° (21.December 2012). Thus accept only assumption without fraction as clock gears must mesh to zero no fractions (2000.0000). Even one tooth off will mess-up an Apocalypse cuckoo time.

**B)** The (**2xT**) in the middle is measured by a Gregorian calendar now harmonized 4000.0000 without fraction and matched divinely instituted Moses moon holidays with a corrected Hebrew calendar. Two asteroids (First 2288 BC - Second Dactyl 5777-5778) will impact an earth axis wobble in three different time cycles. The middle is now dated.

**C)** The  $\frac{1}{2}xT$  of 1000.0000 years in **Revelation 20:7** has no fraction in my calculation. When 3 cycles match as confirmed by the Hebrew HANS base "seven" linked to the Genesis Patriarch age calendar, they add to the astronomical probability not need (7) witnesses testify to truth. The Seven Thunders in (Rev.10) were previously exposed in Babushka Seven Thunders Micro eggs are thus correct. Hence, I am convinced we will not survive the Seven Thunders: you and I could lose our mortal bodies in max **1.8** yrs now corrected to solstice **2017** yrs. or believe what Yeshua-Jesus said **Pearl #888** and get ready after Passover **5778** to a day or hour.

Be careful, or your hearts will be weighed down with dissipation, drunkenness and the anxieties of life, and that day will close on you unexpectedly like a trap. For it will come upon all those who live on the face of the whole earth. Be always on the watch, and pray that you may be able to escape all that is about to happen, and that you may be able to stand before the Son of Man. (Luke 21:34-36)

When more research information is found needs continually updating, **Pearl #777** and Sound Bites before the Web is gone dating God's Kingdom on earth after:

## **Pesach (Passover) 5778**

## **B - Addition 1 Tishri 5778**

### **Black Sabbath Shabbat Chazon / שבת חזון**

Babushka egg concept books & many Pearls are linked to true science but also were permanently recorded in the Book of Books mentioned in the Torah revealed by two witnesses Daniel and John who got invited in the *Heh* dimension - heaven (**Dan. 7:10, Rev. 20:12**). In modern time the science establishment split a calendar BC-AD and obsoleted Moon cycles used in ancient history now counting solstice instead – Why? Daniel and John revealed in the Torah-Bible a different viewpoint as the middle (**2T**) was decoded linked to a Second Civilization now dated by Babushka concepts **2288 BC-2018 AD**.

Worldwide there are billion books in libraries, but not one book copied knowledge suppressed for hundred years by psychopath Illuminati NYC bankers. It is now revealed by Jonah-II. Soon the controlled Web will be gone, thus true science again is lost too. It already started with some videos on YouTube. Many have disappeared as they still censored free *Electricity & Hydrogen* denied to (7) billion people on this earth sliding fast into absolute poverty.

Thus **YHWH** appointed a mortal scribe with a penname Jonah-II to record the last birth pangs of the Apocalypse Endtime from science perspectives since theologians and many pastors teach denominational false doctrines. They generally serve their own interest thus spread many of Satan's deception to fool gullible people giving them a lot of money. Yeshua said my sheep will hear my voice to be rewarded on the Last Day, or focus on **Matt. 25:41**.

It caused a global Christian Church to become saltless in one generation now totally immoral and wicked, thus will repeat once more Sodom and Gomorrah to perish too.

Dating the Apocalypse will upset theologians ignorant of seven world calendars with exponential declining earth wobbles since (5February 2287BC). That can be confirmed in many museums displaying ancient bronze-gold clocks now decoded in Babushka book #3 **Asteroid Answers to Ancient Calendars...confirming Bible Prophecy**.

But this time YHWH will not save Mankind with a hi-tech ark but a little different method not allowed in church or Prophecy Summits prevented by fake science biased by an atheistic education. Some unusual Babushka Pearls revealed "how" linked true science to make some sense.

Using a math concept, we either look back in time or forward, which affect changes to determine Time. NASA atheistic scientists were confused by Julius Caesar correcting his calendar in 45 BC. The calendar was changed again by Pope Gregory XIII (1572–1585) and divided into BC-AD, avoided by the Hebrew calendar.

I was hoping that somebody would align our present (7) world calendars into “one” that was attempted and analyzed by a German inventor-scientist investigating the 7000 year cycles embedded in the Torah-Bible, the oldest book of mankind.

Jonah-II started being educated as an instrument-maker thus was familiar with Cuckoo clocks, being practical inclined converted that clock design into a concept to explain various Ages. (*Babushka egg concept book #1*) When mankind developed since Adam and Eve, “Time” was first recorded by Moses in a math seven base Hebrew Alphabet Number System (HANS) embedded like a code in the Torah. Genesis reported extremely long living year cycles like Methuselah could not have been 969 Julius Cesar years comparing it with the replication of genes for thousand years, like GMO-technology not possible from a science perspective. Thus is a different calendar to measure ancient time recorded in history.

Notice the Torah 7000 year calendar cycles all end in an eight digit meaning **Chet** - corralled into two enclosures. Yeshua declared that mankind must pass either a big or small Gate (**Matt. 7:13**). Especially at the Endtime **Chet** will become more visible during the Apocalypse as shown on the Babushka World Cuckoo Clock. Followed by **Teth**, “New-Beginning” perhaps next year decided by the owner of this earth Only he could change His printed schedule like in Nineveh usually for a good reason.

Everyone on YouTube has gone wild now disappointed on 21 September 2017 (**1 Tishri 5778**)? The fake global NEWS no longer report what is really happening round the world to keep slaves submissive brain-dead for a New World Order. But until the two witnesses from heaven arrived, making a lot media noise, let’s look once more a changing declining earth wobble axis from ancient times and convert 360 days vice-versa 365.24 days per solstice. It is just another proof of dating the Apocalypse Endtime:

$$R-1 = 365.24 : 360 = 1.0145555555$$

$$R-2 = 360 : 365.24 = 0.9885653269$$

**Test #1 - R1 (longer days from AD...> BC)**

$$\begin{aligned} \text{Daniel 518 BC + 2017AD Solstice} &= 2535 \text{ yr.} \\ 2535 \times 1.0145555555 (R1) &= 2571.89 \\ \text{The difference (2571.89 - 2535)} &\text{ ¥ } 36.89 \\ \text{Torah calendar @7000 added 9}^{\text{th}} \text{ cycle} &= 35 \text{ yr.} \\ \text{The corrected difference of (2xT)} &= 1.89 \text{ yr.} \end{aligned}$$

**Page 2** calculated a previous calendar correction 1.8 yr. (1xT) now 1.89 yr. (2xT) with more fractions like two witnesses. 1.89-1.8 = is now 7 Gregorian months.

$$\text{Solstice 2017 (21 Dec.) + 7 month} = \mathbf{21 \text{ July 2018}}$$

**Shabbat Chazon – Black Sabbath / שבת חזון**

Shabbat Chazon (“Sabbath [of] vision” שבת חזון) takes its name from the Haftarah that is read on the Shabbat immediately prior to the mournful fast of Tisha B’Av, from the words of rebuke and doom coming from Isaiah in the Book of **Isaiah 1:1-27**. It is also referred to as the **Black Sabbath** due to its status as the saddest Shabbat of the year (as opposed to the White Sabbath, Shabbat Shuvah, immediately preceding **Yom Kippur 2018**).

When Yeshua the King of Kings visibly returns on earth with millions of angels, only sinless babies will survive (raptured) and a small remnant of Israel will lament, wail and be very sorry of an offence still disregarded for a 2000 years fulfilling prophecy and now seeing a pierced, crucified Yeshua perhaps alerted on this Black Sabbath?

**Test #2 – R2 (shorter days from BS...> AD)**

$$\begin{aligned} \text{Daniel 518 BC + 2017AD Solstice} &= 2535 \text{ yr.} \\ 2535 \times (R-2) 0.9885653269 &= 2506.01 \\ \text{The difference is (2535- 2506.01)} &\text{ ¥ } 29 \text{ years} \end{aligned}$$

(29 : 7 (G) = 4.14 yr. [JC]) - A declining earth axis solstice 4004 BC came to rest on (21 December 2012)

$$2012.975358 + 4.142857 = 2017.118215$$

Fraction is 43 days = **12 February 2018**

**Rosh Chodesh Adar / ראש חודש אדר**

Beginning of new Hebrew month of Adar. Adar is the 12th month of the Hebrew year. Corresponds to February or March on the Gregorian calendar. Rosh Chodesh Adar begins at sundown 14 February 2018.

The coming Second asteroid will split Jerusalem into a wide valley. One side is lifted up to a high mountain exposing a bubbling double water spring source growing into two rivers. On top Israel will build a platform with a pyramid (Esek.40) to commemorate a historic covenant and greatly will honor the YHWH who no longer desired a blood sacrifice. The Temple-curtain was rendered 2000 years ago **once and for all** to atone for a Kosmos SIN. Thus Mankind will start over again with a new earth axis calendar linked to a major environmental climate change now tropical again melting the permafrost once more.

**Test #3 Straight Solstices Calendar - Pearl #224**

Follow the trail and notice the middle of 2xT became the center of mortal history **518 BC** on either side 3500 years ending in **3018 AD** [JC]. To prove Babushka egg dating (2xT) remove the BC-AD **9<sup>th</sup> cycle-35 day** correction: (518+2017-35=2500) and consider a new earth axis calendar caused by another asteroid outlined 4 years ago. It will confirm a third Apocalypse witness date (**1/2xT**).

$$2500 + 518 = 3018 \text{ AD} - 1000 (1/2xT) \mathbf{2018 \text{ AD}} \text{ [JC]!}$$

**121<sup>st</sup> Jubilee (5778) = Sept.-Solstice 2017- Sept. 2018**
