

#10 - Year 2017 Torah-Bible Truth linked to Lies & Deception

This year's web format is different. Jonah-II has retired after he gave 10 years warning of a coming Apocalypse to this global generation which can no longer read anything not educated in science taught 80 years ago in most grammar schools. However, the now popular video format is favored to express novel ideas as long the web is around. It will soon be terminated when the intelligence of slaves is raised to become too smart for the corrupted governments. It is no longer possible to teach many historic facts in global universities obeying the NYC Illuminati bankers in suppressing truth.

This time the ELOHIM appointed a scientist-inventor with the same Moses excuse (Exed.4:10-12) to explain the Plan for Mankind from a science perspective starting with the first page of the Torah-Bible and ending with the last page of Revelation linked to **God's Wrath** on the front door. For reference, check out my website, on the left is a search engine to enter your question and read the references collected across 10 years of research remembered from my 1945 German grammar school education level. It is a miracle being only few times misled because I trusted my Lord and savior Yeshua leading me into strange unknown Bible territory I had no idea existed. You be the judge and investigate physics mirror imaged in the most wicked hi-tech generation incurring God's Judgment once more linked to history. When 100-year-old science is no longer taught in universities and thousand patents of "**free energy**" is worldwide suppressed by every government and industrial military cartels destroying the environment. Worse changed the food-animals genes with deadly GMO now causing massive extinction as the reproduction intelligence is ruined, will discover that the creator ELOHIM is not sleeping. Even theologians became corrupt, trained by Satan to hold on to denominational lies & deceptions plagiarizing God's Word and sold in most churches as books, Bible class study guides or CDs. If you are interested in your afterlife, check what has been forbidden for 100 years collected, analyzed in Babushka concept eggs for the next generation, now eternally stored in the divine Book of Books "Why did the 21st Century Civilization totally perish?"

The prophet Jeremiah (Chapter 40) was severely stressed because the remnant of Israel in Jerusalem would not believe his message still worshipping idols, thus they perished in Egypt (the world in our time) because they ignored the ELOHIM warnings insisting that their false denominational religion was the cause of plenty food and blessings, so they rejected his warnings. But the kidnapped prophet put a pillar of stones on the border for a testimonial to their theological rebellion before they were terminated. That is repeated in our time as many prophecy warning stones of Jonah-II are in parallel to Noah's 2288 BC Atlantis civilization disaster now even confirmed by Yeshua-Jesus (**2017 AD**).

The original Kosmos was created for angels who experienced a rebellion now linked to the Plan for Mankind. Both did not pass the test, some chose to be loyal to the Creator, thus they will inherit the New Heaven-New Earth, which is the *Jod* dimension. The temporal *Daleth* dimension was recorded in 66 books the Torah-Bible divided into Old Testament (39 scrolls) and New Testament (27 books) = {39+27=66}. The first US Congress adopted it, so it has the fingerprint of every President on the American Revolution Bible sworn into office. A wealthy R. Aitkin printed 10,000 copies authorized by the US Confederation 1882. Therefore, the first Congress date (1-21-17) of Sound Bite #9 will signify the **OT** {1+21+17}=39? When the **NT** Gospel to Revelation is added to end prophecy in the NT = 9-1-17 {9+1+17} = 27. Or one more (1 Tishri 5778) 5+7+7+8= 27, which matches a Babushka projection decoding Daniel's calendar {Time-Times-1/2Time}- **Pearl #276**.

Remembering the **OT** Esther story and **NT** Yeshua-Jesus' 10 virgins parable added together will reveal a Kosmos purpose: some will be favored to dine with the King of Kings. Some will enjoy special positions in his administration. Esther became an example for us risking instant death by ignoring politically correct protocol to show love for her king and her people. Applied to old-fashioned math used in Babushka egg should convince everyone that we can trust Yeshua-Jesus.

Urgent! Ask Yeshua to forgive your sins to be safe because the 5-month Apocalypse has started, though camouflaged by the psychopath NYC bankers controlled by a very angry Satan because he lost the war in heaven to destroy this planet and all mankind. He will soon be put in jail as the only evil survivor. Prepare for death. Few will survive **God's Wrath**. Why not accept Yeshua? (Isa. 63-66)
