received in 2011 a courtesy Babushka Publication #9 about

FREE ELECTRICITY FOR THIS CENTURY The Ultimate in Renewable Energy

Since there was NO RESPONSE, I ask:

WHY are TESLA's DISCOVERIES SUPPRESSED?

Why are they ignored by churches, universities & governments?
This 21st Century Generation must be the most depraved civilization!

WILL YOU to help the EARTH and MANKIND to survive and:

- **Obsolete Criminal Nuclear Power Cartels.**
- **Obsolete dirty gross polluting Coal Power.**
- **Obsolete the monopolistic power grid system.**
- **Obsolete polluting gasoline - drive a car with green energy.**
- **Obsolete Corrupt Bureaucrats and Immoral Corporations.**

?

Will You continue to live with:

**High cost of gasoline? Polluting the environment?
Poisoned dirty AIR - Expensive automobiles?
Water shortage - Food shortage
Dirty coal - Diminishing oil resources?**

A Precursor

Announcing the discovery of **free ELECTRICITY**, I expected live TV coverage or a visit from our government. Instead, total silence. WHY?

Across Western Civilization a deep-rooted worldwide apathy dominates as conditions on earth sinking faster than the Titanic. Many politicians have discovered what Hitler-Goebbels pioneered with devastating results throughout Europe: a new science, a powerful force useful in MIND-Control to manipulate people from kindergarten to retirement aided by an atheistic professor priesthood infesting every university. Being deceitful, both suppress TRUTH instead of being open-minded enough to welcome challenging dialog, thus they have become totally destructive and evil.

Because of MIND-CONTROL, the NEW WORLD ORDER has skidded down a slippery path. It changed the fundamental values that enabled mankind to survive for 6000 years and distorted the divine law defining **Good** and **Evil**. **The modern world lives by *Relativism* with all of its confusion and conflict.** Relativism is destroying eternal values in conflict with the Creator ELOHIM, who will soon interfere with mankind's mismanagement.

Watching worldwide NEWS, not a single government has a program to stop the escalating destruction of our environment. The public does not seem to care and is mostly comatose ignoring logical conclusions of what can be observed with common sense by a child. Mankind has become so ineffective, paralyzed in thought manipulated by the illogical atheistic evolution theory. Unscientific theories can only exist if fuelled by lucrative government grants. Teachers brainwash every child in irrational speculations, thus corrupting the human spirit into atheism denying the Creator and challenged his commandments clearly identified in his Bible. Degraded minds are hell bent to destroy HIS planet. But the Creator is still around; He has declared another asteroid judgment is waiting on the horizon to start mankind over again. The ELOHIM will end this last Civilization know historically as the most Evil generation. This is Jonah's Last WARNING: your LIFE may be over after **17 September 2015 - 2017** depending on God's Grace.

Mankind's dilemma comes from denying a creator and the creation story, replaced by evolution fairy tales. Science rejects the idea that LIFE must be protected both in the physical and the metaphysical realms. Modern society does not accept the fallen sinful state of human nature in need of a savior. Everyone born, no exemption, must answer the question, "Was Jesus human or divine?" The answer will determine your future and mine.

This last generation has implemented high technology to end most LIFE on earth. Instead of maintaining Life in procreation, modern GMO science is causing massive extinction, an irreversible Death affecting all LIFE. The genetic modification of original seeds and animal life is totally evil and screws up the unique intelligence information of every living thing that has survived the last 6000 years. That challenge of a modern civilization will be answered by the ELOHIM with the prophesied APOCALYPSE, now dated 2008-2015 - God's **WRATH**.

We are now in the middle of Apocalypse, which will end with an asteroid strike in 2015-2017 AD. The Bible prophesied that mankind would perish when it became totally evil by violating the ELOHIM contract. Once more God's WRATH will be poured out on seven billion people. It repeats Noah's boat story from the ancient times reminiscent of a technically advanced Atlantis Civilization that totally vanished and was judged on 5 February 2287 BC by an asteroid strike resulting in a flood denied in our universities controlled by the evolution religion priesthood.

If you base your values on the brain-dead **Atheistic-Evolution-Theory** enforced in every school, you may have a problem reading my Babushka egg concept books. If you are offended, consider: an Infinite Energy big bang can never evolve from a NOTHING as energy must be controlled by intelligence, the precursor for anything in existence. Just track thermodynamic entropy laws in physics. That should convince you that a monkey could not possibly evolve and become president of the USA, because a cuckoo clock needs a designer. Denying logic is only useful for La-La-land and makes it difficult to understand my **Jod Supreme Court** story, so ask ELOHIM to turn the lights "ON".

God's Plan for Mankind represented in a Hebrew clock across eons of time 4488 BC - AD 3018

LAST WARNING - Jod

A historic ELOHIM Court Case from 21 December 2012

The ELOHIM appointed as prosecutor the inventor-scientist Herbert R. Stollorz.

The evidence is presented in nine Babushka Egg Concept Books for a global jury.

Ignoring Jonah's Warnings on the Internet caused the creator ELOHIM to make a final court case against the **United Nations World Council** to confront the entire 21st Century World Community of gross violation and desecration of the **divine cosmic contract** made with the representatives of Mankind in ancient times - Adam and Noah. He appointed a qualified technical prosecution to introduce the evidence.

His divine court case will end with serious consequences against this generation, here and now accused of High Treason in committing the greatest crimes in violation of God's Creation on a path ending with the extermination of all LIFE on Earth. A 6000-year old COVENANT has been desecrated. The divine covenant spelled out the penalty of God's **WRATH**, and if repeated once more, the ELOHIM will implement the same terms as demonstrated in history by the destruction of a hi-tech, advanced society resembling the Atlantis Civilization. Billions of people were executed who violated that contract. They were judged totally evil and consequently disappeared as the result of an asteroid strike on **5 February 2287 BC**. Only Noah's family of eight, being found righteous, survived.

Most people do not realize that much of science taught in universities is evil in God's sight. It no longer follows sound logic in physics, being muddled up by lies to pervert true science, and worse, to promote corruption by misusing modern computer technology in opposition to ELOHIM. It switched our collective mindset back to the Dark Ages and subjected every child worldwide to mind-control hostile to God. The ELOHIM of the Bible is thrown out as irrelevant. If you want to survive God's WRATH and live a little longer, choose wisely who you will serve:

ELOHIM or Satan

The message of **Jod #10** is addressed to the 21st CENTURY GENERATION, which focuses on God's divine WRATH scheduled in the Apocalypse 2008-2015, ignored in the public town square in spite being confirmed by science.

For the skeptics, I will provide witnesses that God will once more employ the same methods previously used to execute his WRATH, this time by a 52 km asteroid publicized in various science magazines. It was projected to arrive 2015-**2017**-2020, depending on which 825-day orbit that gigantic rock will hit our earth, in a manner similar to what happened in Russia on February 15, 2013. The exact timing is wholly conditional on ELOHIM excising his unlimited grace according to his calendar as confirmed by the ancient Bible story of Jonah warning Nineveh.

Babushka egg books were meant for the next generation as a testimony that true science still existed at the beginning of the 21st Century.

The big JONAH FISH has vomited out a last warning for 2017!

Babushka egg concept books were designed to collect science and metaphysical data across the 21st Century to reflect on our collective culture and explain why God-the-ELOHIM will totally destroy MANKIND on earth again. They give the reason why this Second Civilization will perish like the ATLANTIS generation did on 5 February 2287 BC?

Our civilization can be compared to the Atlantis Civilization, which also used hi-tech science to transform God's creation, violating his contract by genetic perversion that modified the hereditary blueprint of all LIFE. Notice: when we repeat the same evils from ancient times, we will get the same catastrophic result. Corrupted by wealth, world central bankers FRB cartel financed World Economic Forum (WEF), an exclusive international elite, now force every government and university to accept their atheistic, corrupt belief system or cut off their funding.

The FRB controlling the World Currency continues to print massive amounts of fiat money to keep a global economy afloat. Aided by modern computers, they pay off global institutions with generous bonuses. But it is stealing real wealth from the common people to force them to obey a one-world-centered business plan. That will make this global generation once more in conflict with ELOHIM.

It started in 1976 by appointing atheistic judges ordered to throw out the Bible as the foundation of the Supreme Court of America. They changed the US Constitution that has been the envy of the world. Modern Christian culture can now easily be manipulated like the Islamic spring nations. Both enforce an unscientific atheistic evil worldview creating chaos, which is the fuel for more death and destruction. The fundamental laws given by ELOHIM to MANKIND, which made civilization survive for 6000 years, have been totally altered or lost to human consciousness.

The ancient laws of Good and Evil were morphed into **relativism** based on an unscientific evolution theory now turned into a religion that caused the MIND to be controlled by what Hitler-Goebbels pioneered. The result is witnessed by our grossly polluted environment: fishless oceans, all vegetable and animal food are genetically screwed up, down to my grandkid's level of observation: he can no longer see life crawling under rocks as experienced by his grandfather.

Babushka concept eggs were designed to tell future generations why scientific knowledge was so screwed up and grossly misapplied to endanger all LIFE on earth, making it possible to become extinct in one generation. Why were 50% of Sir Isaac Newton metaphysical writings suppressed? They link to Herbert R. Stollorz's discoveries that Newton's gravity is magnetic, changing science upside down into totally new theories presented in 9 Babushka egg books free on the Internet.

They reflect a 4300-year-old history and reveal the many counterfeit science theories developed by an atheistic mindset denying TRUTH. The essence of mankind's knowledge was crystallized into a complete concept from philosophy across the bandwidth of science linked to the metaphysics denied by this last culture due to belief in evolution fairy tales. The sum total was projected in a 360° vision exposing why it is so difficult to understand TRUTH. Being brainwashed by political MIND-CONTROL, worldwide every establishment enforces many lies and pays off people with fiat money, the root of all EVIL. Logically, it becomes obvious why our generation will collapse in 2015 or 2017!

The future generations surviving the global Apocalypse will greatly appreciate that someone collected and preserved mankind's knowledge from the eve of the APOCALYPSE. Read about a new Donut Atom theory, free electricity - what is it and where it comes from. Discover a new perspective of the universe linked to space-magnetism and fuelled by the invisible infinite Alpha(+ONE) force.

$$\infty E = m (+\infty C / -\infty C)^2$$

How and where is life implanted on the atomic level? Why only on earth? And what is the purpose of MANKIND? A kaleidoscope of unusual concepts across ancient history, prehistoric bronze-gold clocks, pyramids mathematics linked to a better Bible interpretation ending theological confusion. It will prove **Jonah's Apocalypse Dating** for the skeptic.

PEARL #250

A Jod-Babushka egg concept book

A Science-Metaphysical Kaleidoscope Reveals Jonah's Big FISH

Give ear, O my people, to my teaching;
incline your ears to the words of my mouth.
I will open my mouth in a parable;
I will utter dark sayings from of old,
things that we have heard and known,
that our ancestors have told us.
We will not hide them from their children;
We will tell to the coming generation the
glorious deeds of the LORD, and his might,
and the wonders that he has done.
He established a decree in Jacob,
and appointed a law in Israel, which he
commanded our ancestors to teach to their
children;
That the next generation might know them,
the children yet unborn, and rise up and tell
them to their children, so that they should set
their hope in God, and not forget the works of
God, but keep his commandments;
And that they should not be like their
ancestors a stubborn and rebellious
generation a generation whose heart was not
steadfast, whose spirit was not faithful to God.
(Psalms 78:1-8, NRSV).

A footnote: As a scientist, I like to use the illustration of a kaleidoscope. When it is turned, the student sees different color patterns, but on the inside, nothing is changed, except the rearranged pieces of colored glass to reflect a mirrored pattern. It highlights exposed different perspectives useful to teach principles of life. That could broaden our minds' horizon needed for survival of what was prophesied only in the Bible. When studying God's Word and searching for its logical conclusion, we should include true science to better understand the APOCALYPSE. Being retired, I have had more time for research, which have become the best years in my life, isolated in barn, surrounded by a vineyard fenced in by redwoods. It took some time to gather all the information in these nine Babushka Eggs. I hope you will benefit from my journey of linking true science to forbidden metaphysics.

1. Introduction: Why God's Wrath?

When an effect is caused or linked to science, even Isaac Newton thought that it could fine hone the dating of the Apocalypse. The Great Pyramid in Giza was built by Enoch seven generations from Adam. (Pearl #224) With fantastic mathematics embedded in it, the Great Pyramid is really extraordinary but needs a little digging to explain a number of hidden suggestions. The pyramid's design aligns with a few discovered Bible projections. One is a future asteroid projected with two different impacts to change the earth's axis.

That could explain why some projected events on my Babushka egg web site were clouded a little. These issues can be rationalized later as explained in other Pearls still following my inclination digging deeper to add more Babushka eggs, if we assume two or three asteroids in matching Bible prophecy. Science projections of one or two orbits around the sun could change conclusions that will change the dating of the Apocalypse and its three WOES. (Revelation 9:12)

Dating the Apocalypse is a red-hot iron. Many got burnt trying, but most theologians do not even know why an apocalypse was prophesied to totally destroy our civilization. Being a Christian inventor-scientist has the advantage investigating what is invisible - especially when God appointed a warning for this civilization. That process taught me a little here, a little there, like Isaiah experienced. I learned how to uncover suppressed TRUTH linked to forbidden metaphysics.

Whom will he teach knowledge, and to whom will he explain the message? For it is precept upon precept, precept upon precept, line upon line, line upon line, here a little, there a little.

Therefore hear the word of the LORD, you scoffers who rule this people in Jerusalem. Because you have said,

We have made a covenant with death, and with Sheol we have an agreement; when the overwhelming scourge passes through it will not come to us; for we have made lies our refuge, and in falsehood we have taken shelter; therefore thus says the Lord GOD... (Isaiah 28:9-29 NRSV)

It is not by accident that we are confronted by the Prophet Isaiah divinely inspired to direct a forecast toward the closing of our civilization in a projected end-time apocalypse scenario.

His WARNINGS have been preserved for 2600 years. They can only apply to our modern world and is addressed to the Antichrist Global **United Nations World Ruler**. It uses an ancient metaphor at the center of our worldwide civilization never experienced before on earth.

Projected...

25 July 2015, *"We have made a covenant with death signed in Hell an agreement...and have made lies our refuge and in falsehood we have taken shelter."*

2. God's ELOHIM Covenant Violated

Isaiah describes the Last Evil Generation on Earth before the Kingdom of Light, which can now be dated by science fulfilling Bible prophecy to end in **2015**. But God's Grace and Mercy cannot be measured with our mortal intellect; therefore, it could be open-ended, perhaps extended one more asteroid orbit to **2017?**

The skeptic usually is not educated in metaphysics and needs more proof. If you have a logical MIND, you might discover confirmation. This Babushka story Pearl #250 is written and available free on the Internet for easy access. Hopefully, it would widen horizons to 360° in the midst of a total foundational collapse of the whole science establishment now exposed, irreversibly damaged by lies and false theories. Watch the many YouTube renegade true scientists who can no longer be silenced. But turning a metaphysic kaleidoscope will give us a better overview of what is happening in the disturbed science forum.

Reflecting on the smallest egg of (9) nine Babushka egg concept books linked to dating the Apocalypse. It can now be recalculated more accurately with the earth axis wobble at rest on 21 December 2012. That date was globally celebrated. Many visited pyramid tourist attractions in Mexico. They mistakenly thought that a 2012 date came from the Mayan culture based on falsified data.

For a much better real science story, check out how Julius Caesar changed our calendar in 54 BC by inserting 62 days, and Pope Gregory III added 14 days in the Middle Ages. But what surprised me greatly came from investigating the mathematics of Enoch's Great Pyramid in Gaza. I discovered that our earth axis 23½° when overlaid on the Aztec clock calendar date linked to 2012 could extend a knowledge horizon.

I discovered that once more the earth axis possibly could be disturbed again by an asteroid strike from calculating the messages from embedded design of the Enoch Pyramid who lived before 2288 BC. The Bible is not the only place dealing with prophecy. We are daily surrounded with miracles expecting the sun to rise exactly to the minute but do not know why. We take for granted many other incidents during the day.

What will shock many are the witnesses in science cross referenced to the Bible that point to a future, second earth axis adjustment towards a greater angle tilt than 23½° that will cause gigantic tectonic changes like in Noah's time. If it does not match science and

prophecy cross-linked, forget about it. Jesus and Daniel forecast that another asteroid will plunge into the earth to repeat Noah's apocalypse, but this time a 52 km asteroid has been observed by telescopes to be coming our way. But luckily, that rock is moving in the direction parallel to earth's daily rotation.

That strike will not cause a flood again as promised by ELOHIM, but it will still disturb the earth axis wobble once more and rip apart tectonic plates dislocated in massive earthquakes lasting 10 days and over 10 on the Richter scale. Trembling mountains will break apart creating valleys and ocean size sinkholes.

America will never be the same. Half could be covered with water as the dome collapsed from a pumped out underground aquifer lake irrigating the Midwest for the last hundred years. Globally, every skyscraper will be gone guaranteed. The detailed effects have been reported in the Bible. Forget theologians' still speculating from the Middle Ages Bible interpretation as prophecy only makes sense if compared to true, accumulated science knowledge.

Theologians do not know that the second asteroid is reported in Daniel 2:34 and can be linked to various science magazines. The asteroid was planned before creation. It is connected to an ELOHIM covenant linked to the history and purpose of MANKIND only recorded in the Bible. Adam and Eve were placed on this planet and told to make an inventory of the exceeding LIFE that Adam categorized. Everything was given a Hebrew name coded on a much higher level. I hope we learned some of it before it is disappearing changed by evil GMO technology.

So out of the ground the Lord God formed every animal of the field and every bird of the air, and brought them to the man to see what he would call them; and whatever the man called every living creature, that was its name.

The man gave names to all cattle, and to the birds of the air, and to every animal of the field; but for the man there was not found a helper as his partner. (Genesis 2:15-20, NRSV)

The original contract with Adam (4068 BC) was ratified with Noah (2288 BC). He agreed to adhere to the agreement spelled out about managing God's Garden, the only place in the universe where LIFE existed. If mismanaged so that mankind's world system became totally corrupt and degenerate, then humans will experience extinction from poisoning the environment, which is evil in God's sight and fulfills the terms spelled out in the contract.

GOD's WRATH was experienced the first time around eliminated totally a technical highly advanced Atlantis civilization. Only Noah's family survived by building a boat. Mankind once more started anew with the Bronze Age. It is analogous to a second baby of three being

born. The third baby after 2018 AD is totally different, with a given name - God's Kingdom on Earth.

Compare the histories of all three human civilizations. A baby must be educated to maintain LIFE. A new civilization must start over and be re-educated, beginning simply, like with a Bronze Age. But the earth has been seriously mismanaged twice, so ELOHIM-Jesus the Creator will soon return and personally supervise the last administration of earth instead of Satan. That will for the first time establish peace to last thousands of years into eternity.

In nature the principle of the placenta represents the rebellious, evil and bloody world system. It will be judged and totally perish in a Great APOCALYPSE according to the covenant. But some can escape if righteous, which is - the GOOD NEWS!

*See, I am laying in Zion a foundation stone, a tested stone, a precious cornerstone, a sure foundation: "One who trusts will not panic." And I will make **justice** the line, and **righteousness** the plummet; hail will sweep away the refuge of lies, and waters will overwhelm the shelter.*

*Then your covenant with death will be annulled, and your agreement with Sheol will not stand; when the overwhelming scourge **passes** through you will be beaten down by it.*

*As often as it passes through, it will take you; for morning by morning it will pass through, by day and by night; and it will be sheer terror to understand **the message**. For the bed is too short to stretch oneself on it, and the covering too narrow to wrap oneself in it. [Cannot hide anymore, fearful what will be happening. Matthew 24:22]*

*For the **LORD** will rise up as on Mount Perazim, he **will rage** as in the valley of Gibeon to do his deed - strange is his deed! - and to work his work - alien is his work! Now therefore do not scoff, or your bonds will be made stronger;*

for I have heard a decree of destruction from the Lord GOD of hosts upon the whole land.

Listen, and hear my voice; Pay attention, and hear my speech. (Isaiah 28:17-29)

The ELOHIM Prosecutor Qualifications

Representing the Jod Cosmos Supreme Court, a well qualified Prosecutor Herbert R. Stollorz was chosen to prove the evidence in Court that the Elohim Covenant made with Mankind was grossly violated therefore remind everybody that in any higher court of law, two or three witnesses are required to establish TRUTH.

He will present documents to establish that MANKIND, being blessed by God the Creator, was promised uninterrupted harvest seasons, the sun always shining, guaranteed. In return, God requires mankind to be a good steward to maintain LIFE on this planet, as agreed by the first representatives of humanity, ADAM and NOAH.

A special educated inventor-scientist was picked for the task to present a case in a full 360° science horizon documented in nine (9) Babushka egg concept books, for a **Global Jury** to examine, free on the Internet.

God appointed a German-born US citizen, non-denominational Christian, qualified by studying many years the Bible and the Torah utilizing a unique endowment of investigating nature learned in a lifetime. An inborn habits being curious and scientifically trained could be useful explaining the metaphysic higher-level laws.

Applying his tendency being inquisitive picked up as a kid while taking a walk with the family turn rocks over to see what was crawling under them. That started his science education, became an inventor benefitting mankind by creating thousands of jobs. Because of his unusual true science and metaphysical perspective, he was appointed to present the ELOHIM's court case against modern civilization, that the **Eternal Covenant** of ELOHIM was grossly violated by global poisoning of the environment toward extinction. Much of LIFE is in the process of ending presented by a prosecutor and witnessed by his grandkids testifies to establish facts.

The Prosecution Indictment

The ELOHIM Supreme Court accused this vastly advanced **21st Century Generation** violating His ancient Covenant now being charged with High Treason. Mankind once more has broken the eternal divine contract. Again civilization has been grossly mismanaged and unleashed destructive forces causing permanent extinction against the environment. A world wide destructive evil MINDSET driven by greed and crimes is on a path to total LIFE EXTINCTION designed to snuff out ELOHIM's creation.

The world's governments and educational institutions have ignored his divine authority, thrown out his Bible rules and changed the ancient laws of Good and Evil, being morphed into **Relativism**. They have once more endangered all of LIFE on this planet for the next generation, the only place where LIFE exists. They have violated the original Cosmic LAW Agreement, which required the DEATH PENALTY to any civilization. Since the Eternal Covenant twice ratified is again abused and exchanged for a Contract with SATAN, the consequences become more serious:

...we have made a covenant with death signed in Hell an agreement ... and have made lies our refuge and in falsehood we have taken shelter...

A modern scientist-inventor was appointed by the divine prosecution to present a case with three major witnesses among other qualified on YouTube to tell a

United Atheistic World Civilization that time is up on God's Clock! His patience has run out.

The first witness presented is a newly enforced hellish genetic science development (GMO) and will prove without doubt that the Eternal Covenant was grossly violated and will forecast some dates when the terms of His settlement will be executed according to the tenets recorded in the Bible, the oldest book of mankind.

The evil agreement made **with Hell** proven by three science witnesses will be annulled and resolve for balance one notch higher the metaphysics perspective causing this generation to be executed with another asteroid strike on **17 September 2015**. Still depending on God's Grace perhaps could give us extra time to get ready for the court's final decision feasible **2017AD?**

3. GMO Reflections

The Divine Court calls its First Witness

To start with the proof of the ELOHIM global case, let's visit the Insectarium at the Montreal, Quebec museum to check the world largest insect-bug collection as a witness, exhibiting a massive assortment of original living species, which lived on this earth 50 years ago now disappeared after having lasted 4300 years since 2288 BC as dated from Julius Caesar's calendar change to 2012 AD. An evil generation of MANKIND, once more since 1976 caused much genetic extinction repeating a gross violation of Noah's contract.

Estimating the many missing bugs expanded to fishless rivers and dead oceans, wildlife disappearing, we may soon witness the possible extinction of the environment as we have known it, unless the Elohim can overwrite Mankind's evil. God can preserve any species. He only needs two of every original species, not modified, a male and female hiding somewhere globally to start over again no longer having a flood promised.

However, God has already preserved 500,000 unmodified food seeds, stored deep inside a mountain surrounded with ice. When the Apocalypse started in 2008, this inaccessible vault's steel doors were shut on the small island of Svalbard near Norway. It was constructed under UN supervision and meant to preserve non-modified seeds for the next generation. It became a concrete Noah's boat.

My Next Major Witness Called

...is known as the "Angel of Death". The powerful global Monsanto conglomerate cartel originally made obscene money as the inventor of Agent Orange.

Forgotten history shows the effects of such horribly painful poison murdering millions of families with children in Vietnam, raining death from airplanes and

applied to the many other wars, still suppressed by a corrupt US Government rewriting history.

Now the same cartel favored by US military establishment is making more profit manufacturing every year tons of lethal poison for military purpose among ROUNDUP just another name of the same deadly poison ten times worse than DDT¹, which caused more life to disappear, Silent Spring forgotten.

Have you ever wondered why so many pollinating honeybees disappeared? Brain-dead professors paid off by the cartel do not know the reason. Simple houseflies vanish together with wildlife.

I recently saw birds by the thousands falling from the sky on TV, along with literally thousands of beached fish, small and large whales, porpoises, and tuna mysteriously stranded. There were too many to count but still not enough death to wake up comatose people. The general public is unaware what is done worldwide to assault nature in a massive way. Why do we see massive detergent foam so far away on the beaches in Australia killing everything in the ocean never investigated by corrupt governments protecting the oil cartel hiding the effect to cover-up oil leaks?

TV shows document how they avoid environmental laws and secretly spray detergent around leaking coastal oil wells. That becomes an invisible oil-gunk poisoning vast areas, even spreading submerged over the ocean sea floor to exterminate all life. Experience a Vietnam movie again, and apply it across the oceans from the sky, this time massively killing marine life for more profit.

Check the price of fish this year. They have tripled, and I cannot find my favorite anchovies and herring. They have disappeared in my neighborhood. This is all ignored by corrupt bureaucrat scientists believing in the unscientific evolution religion as enforced in our universities. They do not understand nature. How can they advise senators to make good laws protecting the environment?

It gets worse. If you are scientifically inclined a little and do not have a closed MIND, follow reason and check the shelves of fruits and vegetables at the food market. Have you wondered why they now glue sticker label-numbers, which was meant for lawyers to collect gene patent fees or if someone gets sick to alert the vendor to remove that product from the shelves.

Remember the spinach fiasco in California some years ago? This worldwide GMO cover-up started with 28 people killed by salmonella. Since then, hundreds and thousands got deadly sick, but it was suppressed by the governments. The death path followed a full circle thousands died in India and hundreds of farmers committed suicide, ruined from poisoned harvest.

A global trail of death suppressed across the USA to Texas Peanut-butter- Tomatoes- Jalapeños- Corn- Tea billion dollar losses, all the way to San Francisco my neighborhood too numerous to count. Farmers deeply troubled and confused by Salmonella invested harvests do not get any help from a corrupt FDA that covers up facts to protect the GMO cartel, which caused the destruction of most original food genetics by allowing modifying genes to permanently alter the original embedded intelligence.

When original gene information is no longer available to procreate, it will be permanently shut down as every generation of seeds gets messed up due to damaged intelligence, receiving injured or missing genes until extinction occurs. It will come in a very short time according to entropy laws. Once you run out of the original to start the GMO process over for another cycle will make that species permanently extinct. Damaged GMO intelligence grossly **violates the Adam-Noah contract of ELOHIM.**

This raises the question, "Why won't the FDA enforce labeling laws to reveal the lie to make it obvious to the public what is inside the fruit, vegetables and Franken fish - especially meat, no longer genetic original pure?"

Look at the beef displayed in the market now only shows red fat. It should have a white marbled color, does no longer taste beef which is the indicator of foreign genes, no longer report Mad cow diseases secretly ground up in hamburger only time delayed, screwing up your brain, too². Perhaps they inserted crocodile or elephant genes to make a bigger bull? Jewish people desiring to eat only kosher are tricked into eating forbidden meat violating the Torah. Worse, GMO tasteless chicken produced a **million** eggs unavoidably contaminated with deadly salmonella and recalled in 2012. I wonder where they vanished. Perhaps given to charity for a tax deduction?

Investigating so many suppressed facts leads me to believe a government conspiracy exists exposed by much evidence. The many lies on TV designed to keep the public uninformed paying off the media to protect the invisible evil brotherhood Death-Angel corporate consortium known as the Monsanto cartel and their deadly sisters. Both are plotting for mutual benefit to force the consumer to buy exclusively only patent modified GMO food to make obscene profits to hide in offshore banks.

What ticks me off as a German is that I can no longer buy original potatoes to make my ethnic Klöße-dumplings. Even pancakes fall apart with the starch spliced out. Worse are potatoes showing evidence of death turning green in about one month? Poor farmers

¹ DDT (d ichloro d iphenyl t richloroethane) is an organochlorine insecticide, which is a white, crystalline solid, tasteless and almost odorless chemical compound...

² Biomedicine-Mad Cow Disease might linger longer, N.S., **Science News**, July 15, 2006, www.sciencenews.org.

are being screwed. They no longer can store potatoes without expensive bleaching gas and paying extra lawyer fees, and I am too irritated, being forced to inspect looking closer for green color. That tells me that the potatoes should no longer be eaten if you want to live a little longer fearing salmonella multiplying when the poison gas is fading.

What is not told to the public prevented by the criminal Food and Drug Administration (FDA) not compliant to the US content label laws being corrupted to the bone making many decision in favor of the cartel being paid off under the table. Check YouTube. Somebody noticed a relationship of FDA executives being paid back for favors changing jobs later becoming a vice-president of the Monsanto cartel to collect huge bonuses perfectly legal millions deposited in untraceable off shore tax-free accounts.

But when we follow the deadly money trail could reveal the path to permanent extinction of all LIFE ultimately will end in the **Apocalypse** prophesied as a covenant for MANKIND from ELOHIM is still binding. The comatose public is kept totally ignorant by a controlled media that silenced many strange diseases. Medical science is bewildered by cancer going through the roof. This generation of children is much sicker, obese, diabetic and mentally impaired, and many are permanently on expensive drugs.

All can be linked to a new gene technology when the original gene immune system policeman was spliced out by a global cartel. We have forgotten that every food plant-animal genes were reproduced for thousands years by an embedded original blueprint saved in Noah's ark story told in the ancient Bible.

For those who cannot buy a forbidden Bible political prevented by global governments, I will print out a few verses so important not allowed in our schools either to find out why God in heaven = ELOHIM is horribly angry and infuriated at this generation of mankind.

Why are they screwing up his creation meant to last another 1000 years?

That will force God to return to earth and inspect the vast destruction of his despoiled garden and once more teach mankind what is **good and evil** and replace **relativism**, destroying so many cultures and all LIFE meant to last thousands of years.

Now the earth was corrupt in God's sight, and the earth was filled with violence. The LORD saw that the wickedness of humankind was great in the earth, and that every inclination of the thoughts of their hearts was only evil continually.

And the LORD was sorry that he had made humankind on the earth, and it grieved him to his heart. So the LORD said, "I will blot out from the earth the human beings I have created—

people together with animals and creeping things and birds of the air, for I am sorry that I have made them." But Noah found favor in the sight of the LORD. (Genesis 6:5-11)

Why do we repeat what occurred in Noah's time?

Let me explain the GMO process once more for my grandkid.

It started when criminal super wealthy global bankers financed worldwide universities with big fiat money bankrolling the process in hundred laboratories. Kept secret, air tight with negative pressure not allowing modified dangerous pollen to escape into the outside environment causing massive extinction. Those hybrid laboratories, some deep inside mountains, were closed to the public. Experimenting at high speed to splice out the reproduction imprinted DNA-RNA genes now altered and modified by E-coli bacteria.

That simple bacterium, cheaply reproduced, is outfitted with an embedded feature like a drill on its head, can penetrate and bore into thick hard gene-walls, the perfect toxic tool for GMO to wreck cell intelligence.

Pay attention! The deadly E-coli bacteria is able to picky-back any foreign genes of a specie aiding to enter a host gene but will be destroying the policeman protecting the species family. God the inventor has provided a guarding on the cell level from preventing unauthorized entering the inner cell-life-center and when spliced out replaced with cloning to prevent salmonella still will become extinct in the next generation guaranteed by the divine **Laws of Fertility**.

Applying deadly bacteria has more consequences. They not only destroy the protecting immune system of the interior cell intelligence but also open wide the door for salmonella, unhindered, to enter the center on the cell level. It now permanently alters the original blueprint of the cell, which makes it easy for salmonella to multiply and kill its host, perhaps you. The Bible prophesied diseases recorded the eyes will rot in their sockets and their tongues in their mouth sounds like flesh eating bacteria military science created. (Zechariah14:12)

Do not wonder anymore much is now cloned, but it will cause more honeybees to disappear poisoned the nectar on the GMO cell level guaranteed to cause food shortages that will elevate food prices astronomically. A hundred dollar bill does not buy much in groceries now - a bad bargain for consumers.

When corrupt governments enforce genetic modified foods generated by evil criminal cartels, it raises the cost by paying off expensive lawyers who control every food store will punish anyone with big lawsuits making obscene money. If a farmer grows clean, non-modified, real organic food, avoiding residues of antibiotic and pesticides, he will now be persecuted

with frivolous lawsuits anywhere in the world. He will be financially ruined by paid off judges favoring the international Monsanto cartel, as demonstrated in Canada by the Perry Schmeiser case, which violated his Canadian constitutional rights and the many neighboring farmers, now bankrupt in the same boat.

Organic dairies are being sued by the Monsanto cartel manufacturing dangerous **rBST** to produce more milk. Inoculated cows create a lot of puss in milk now also overloaded with antibiotics to counter the infections. This causes horrible stress on the animals, but it is approved by the corrupt FDA favoring the cartel. Worse, the FDA recently permitted the nuclear radiating of food. Perhaps too many salmonella outbreaks were killing people. If you want to live a little longer, read that again, or tell the government to stop that evil. It is their job to protect the public, not make it sick. Check the evidence collected in the 4th Babushka egg concept book - **Genetic Modification Exposed!** free on the Internet.

Turn once more the kaleidoscope. It gets worse. You will gain another insight watching recent Nobel Prize speeches revealing who is a brain-dead PhD professor. When you can no longer buy true organic food, you should tell what it is forbidden by the FDA. Like in India where hundreds of farmers committed suicide because only 40% of the rice harvested in 2010 could be sold, so they could not pay back the lender. Even worse, they lost thousands of sheep and water buffalo that died after grazing on fields planted with Monsanto GMO rice.

That is no fun to watch, especially after being honored with a Nobel Prize in Sweden, the Nobel laureate professor derided America for being the only nation having some renegade scientists not believing in evolution. He did not realize he was a brain-dead victim of the Hitler-Goebbels pioneered MIND-CONTROL culture. He has spent his life in a closed university cage that provided a high salary and fat pension to keep him compliant. My dog shows more intelligence, but he is not dressed up in a suit and tie to look for Judah Iscariot money in Sweden after he hanged himself.

What is amazing to me that the Agent Orange cartels and tobacco industry are able to distribute their poison globally to every store from remote tiny, inaccessible village drugstores to skyscrapers? If the poison is globally distributed in every store, under the sink and in most households' garages, heaven forbid gets into the environment over a wide area will eventually kill millions of people by starving them to death as GMO is no longer reproducing on top void of LIFE nutrition.

It is time for us to be educated. Hopefully you are motivated, or see a war-movie from Vietnam once more to see how to kill on a big scale and should learn

from history. However, to become truly life essential educated should not forget ancient GMO technology. Let's follow a historic path to add something to our general education, like my grandkid turning rocks over in hope of finding something alive.

Pay attention. Your grandchildren **will die - all of them**. Being the next to the last generation as nature now is nearly totally screwed up, every original food gene will soon disappear according to entropy laws.

Get the proof. Your nursery flower plants die soon after planting being cloned. They can no longer reproduce the now genetic mortified, damaged seed stamped with a patent number on the outside package or skin changed to make obscene money even sanctioned by our corrupted FDA government. Being a favored class of privilege should for God's sake protect the consumer paying their fat salaries and big pension. Notice the many angry scientists on YouTube who were misled by universities. This will cause a total collapse of what has been taught for 150 years as the many lies are now exposed.

Lastly, Shoreline Aquatic Park in Mountain View was set aside to protect wildlife on the inside edges of San Francisco Bay. It is an important stopover for migrating birds every year. Recently, I sat in an outdoor restaurant and noticed not a single sparrow or ground squirrel around begging for french-fries. Even the hardy pigeon has disappeared.

I discovered a box labeled POISON next to the children's playground, even translated in Spanish. That explains the mystery why most wildlife has disappeared. Ducks and so many other birds no longer come there. A lonely Canadian goose was surrounded with piled garbage looking at my face, and looks do tell. "Why have you turned off the water leaving only burned grass, no more food for all my friends starving to death?"

A big expensive sign announced, "No Fishing" at a dead lake now poisoned with ROUNDUP, tons bought by corrupt, evil bureaucrats getting 6 digit salaries and fat pensions. What a joke! They never do their job to visit or check the park. They believe that kindergarten kids can read the POISON label boxes surrounded with invisible ROUNDUP soaked into the dirt all around the whole lake killing everything.

If we just fired one lazy upstairs bureaucrat lacking solid education, we could save some life and would have enough money left over to improve the whole Aquatic Park. Applied to minimum wage unemployed Mexican boys lingering around, they could collect the garbage and feed the stressed wildlife and turn the water "on". It would greatly benefit the next generation of kids seeing life again, provided those curious kids do not eat the poison bonbons if their parents are not watching.

Stupid, highly paid bureaucrats are protected by unethical bosses. This will lead to an Apocalypse affecting a huge population starving to DEATH worldwide. We are next to disappear as demonstrated in the Park. Do not blame God of coming disasters but rather be informed of Jonah's WARNING revealing forbidden prophecy on my web site. Turn the kaleidoscope again and watch God's WRATH the next asteroid already on its way similar to Noah (2288 BC) coming by, or compare it to the asteroid seen in Russia as shown on TV 15 February 2013.

Hundreds of people were injured and many buildings collapsed from the asteroid's shock wave. Billions of people were warned and will die being found in violation of his covenant. God's Kingdom on Earth will start over again another civilization with free energy no longer polluting and poison globally the environment prophesied to last thousand years and will not let puny mortals trained by Satan destroying all living things on earth once more. Why not be safe asked the ELOHIM how do I survive? Read Pearl #126 on the reason for the population spike and the Bible verses on page 7.

4. Free Electricity - Second Witness

Turn the Kaleidoscope once more while tracing forbidden GMO needs ENERGY to see the parallel-described Babushka egg concepts revealing deadly secrets hidden from the public. I wonder why President Obama never acknowledged my courtesy letter to inform the US government that **electricity** can be extracted free from Gravity-Water and Air.

Instead, pay attention to make my point. Recently CNN TV showed President Obama visiting a South Korea University in Soul (3/15/2012) where he reaffirmed nuclear power once more. The students listening had scared looks on their faces upon hearing that another lethal nuclear power station was to be started in America without the American people agreeing. Guaranteed it will end in massive numbers of future deaths not mentioned. It is obvious the US government protects the oil cartel and is not listening to the United Nation Energy Department warnings.

Germany, usually a leader in technology, is the first country to realize nuclear power's extreme and irreversible danger to society; therefore, it announced that it would shut down every nuclear-power-station under their control. In 2012 they discovered underground drinking water exposed to radiation seepage near to a nuclear plant.

It got worse when they realized that not a single container was designed to safely store nuclear rods. The storage tanks were not designed to use the original water pool 50 years. It now has cracks in the cement liner revealing rusting iron that had deteriorated much

faster with hot radiation. The corrupt American government flouts dangerous facts and conceals the NEWS to keep the public deadly ignorant.

Their nuclear garbage is sent to Oak Ridge, TN in America to be burned with the radiation ashes returned. It makes lucrative profit for a private corporation that is shared with the governor and their friends under the table.

They staged a short NEWS clip only seen in Germany. Two old women were in a coffee shop. One said, "We need the jobs." The other replied, "It is cheap energy." In the next scene by a big river, a man saying, "We can no longer eat the fish." The dirty, radiant hot air is not mentioned. The citizens never gave permission to the state government, which made a lucrative deal without them. A quote from a local, "A public who chooses to be uninformed deserves to eat radioactive eggs for breakfast. Where is the money? Cheap energy?"

Tell that to the Japanese people not yet educated. Most still trust their government's lies despite dirty hands under the table grabbing illegal tax money. They seem to need another accident to convince them of permanent, unavoidable Death. The sun not having set, they will not escape the next time around.

China suffers from horribly thick, polluted AIR, and I cannot understand why so many governments still suppress clean free energy for mankind invented 100 years ago by **Nicola Tesla**. Why is free electricity still silenced, although it is demonstrated on YouTube by many young renegade witnesses, people excited to show motor-generators that can run perpetually. They have found something denied in universities around the world avoid teaching it, not understanding what electricity really is.

No wonder global governments are stupid, too! In my neighborhood, why would an immoral US Government Energy Agency suppress the evidence and dictate to the Patent Department preventing free energy. I wonder why bureaucrats and the US Congress protect the dirty OIL cartel and the nuclear coalition club? Why do they allow environmental poisoning worldwide by deadly nuclear radiation killing all LIFE for 100,000 years? Highly paid scientists cannot stop deadly radiation from leaking out willfully lying, degenerate to being criminals guaranteed will fry in Hell for not shutting down nuclear power?

In spite of the evidence on YouTube, energy policies still have not changed even today. They squash unlimited available energy, free **ELECTRICITY** for eighty years. How evil can you get?

Free electric energy has been confirmed by many science witnesses in YouTube videos, but discussion of their discoveries is prevented in the global universities. Sadly, these degenerate lowlifes have been paid off with lucrative Judah Iscariot grants from corrupted

governments. Perhaps Tesla was too advanced for his time and needed a new Babushka Donut Atom theory to explain it, but that has been suppressed, too.

Tell me for heavens sake, why is the boundless electricity invented by Nicola Tesla and documented in his 700 patents still forbidden? Why is that technology censored and kept buried in the US Patent Department? Why would a US State Department confiscate so many energy patent applications perceived as military sensitive? Some inventors were also mysteriously murdered to discredit the evidence.

Why does the public allow a criminal energy cartel to silence and deny that ELECTRICITY could be totally free? Even worse they deny that energy can be extracted from embedded **magnetic Gravity, super-magnets** or **air-atoms**. They point to upside down physics following an infinite energy path. Just check my 16 new UREE generator inventions: they work, if you are educated enough to test them.

The Chinese government is not controlled by America, yet I really do not understand why they go on suffering from thick polluted sulfuric air when clean electricity is freely available? That proves that a coal-cartel is more powerful than the Chinese government.

I could go on. Why not, for an example, become a billionaire and apply what was testified in the ELOHIM trial case as more witnesses lined up to establish TRUTH can no longer deny the concept of **The Ultimate Renewable Energy Engine** now postulated on the free internet town-square.

The new light bulb sold in America is just a coiled up light pipe demonstrated in 1920 by Nicola Tesla **wireless** connected if grounded. Why is it suppressed? Our computers, telephone, Internet already is wireless. Why not go further and obsolete ugly wires on the pole and drive cars without gasoline and get clean air in the bargain? Universities should not deny Babushka books that trace where the energy comes from.

Universities have the money and faculties to prove or disprove Internet facts. The public should wake up now because they can watch many YouTube movies revealing the censored reality. Perhaps they are afraid of exposing evolution lies, or is corrupting money still the driver?

TRUTH cannot be forever silenced. Perhaps students watching YouTube will no longer being swindled out of an education exchanged for a questionable sheepskin charging \$200,000 for an American college education. Ripped off students are being forced to go deep in debt, a poor investment wasted as many jobs disappeared by following a brain-dead doctrine based on evolution fairy tales. The cost of university education has increased 10 fold and surged 1120% since 1978 compared to the price for food 144%.

Do you wonder where our hi-tech society is heading by denying free energy, not bothered that millions were killed in the last century from useless wars over oil. It seems every other year the same story is repeated around the world. Suppressing free energy will make it obvious who compromised with evil, linked to the Military Complex Cartel, forever building new equipment and smarter bombs to recycle DEATH.

American corrupt politics appoint Pro-Fracking, Pro-Big Oil Scientist to Head the U.S. Department of Energy (DOE)?

Word on the street is that President Obama will nominate Dr. Ernest Moniz, Big Oil and fracking cheerleader, to head up the U.S. Department of Energy (DOE). If you think blasting toxic chemicals into the same ground that gives us the food we eat and the water we drink, is dangerous, if you think allowing fracking to destroy our farmland, contaminate our groundwater and endanger our health sounds like a bad idea, you're part of a growing movement that is determined to ban fracking across the U.S. and move the country toward a sustainable future of clean energy and organic food and farming.

Mr. Moniz is poised to leave his perch as director of MIT's Energy Institute, which boasts such Big Oil financial backers as BP, Chevron and Saudi Aramco. Think former Monsanto lawyer, Michael Taylor, appointed deputy commissioner of the FDA. And Tom Vilsack, another former Monsanto shill, named head of the USDA. (Like fox in the henhouse) Our voices may fall on deaf ears at the federal level....we owe it to our farms and our future to educate, speak out, mobilize - and oppose this appointment. (Organic Bytes a publication Organic Consumers Association 2/28/13)

One more example, many new technology applications are seen weekly in **Popular Science** magazine. In March 2013 page 8-9, the author speculated to keep the consumer ignorant, along the vein of the world's largest windmill turbine manufacturer in Germany. Recently, Siemens built 300 dinosaur windmills for the UK costing the usual billions for taxpayers.

Each of its three rotor blades measures 246 feet - nearly the wingspan of an airbus A380. It will produce only six megawatts of electricity. But the well-known company favored by the energy cartel suppressing free energy will not look at modern electric generators producing free electricity. They build outdated designs invented 50 years ago all for higher profit.

Why are YouTube experts demonstrating free electricity oppressed? Or prove that just one of my 16 UREE generators do not work! They could give 1000 times more electric power a lot cheaper, guaranteed if you understand what magnetism is.

Discovering that clean **electricity** is available totally free was first so preposterous to me, too, which urged me to investigate where it starts. I looked at the universe with thousands of galaxies shining brightly with energy and uncovered physics proving that Gravity is magnetic. This source for electricity is summed up in Babushka egg concept book #9, **The Ultimate Renewable Energy Engine**, meant for a future generation.

It explains how infinite energy is embedded in atoms and easily converted to 16 **UREE** electric generator inventions. One is enough to fly a Concord-jet with totally free energy. That needed a different Donut Atom theory postulated as the old one from smashing atoms for 40 years is really pretty stupid and needed to be replaced with a much more logical theory linked to Babushka egg concepts books, without an unscientific evolution religion doctrine to make more sense.

In the 2012 elections for president in the USA, politicians raised two **billion** dollars to be reelected, but no money was appropriated to the millions starving around this globe. Many drought stricken areas do not have water anymore and could be helped by water wells, cost as little as \$4,800 to drill a hole. [Contact Life Outreach International based in Texas.] Converted, it means 400,000 water wells could give clean fresh water to 40 million people in 1000 villages.

On TV we see kids walk five miles to a dirty slimy mosquito-infested waterhole surrounded by a collapsing local economy. We should tell our US President to make the next Presidential Decree and become famous, forcing the media to give free voting coverage and apply the collected money to stop global hunger. The public airways belong to the people. It is pathetic to watch little children walk miles for water, hungry and barefoot, to help the family survive. The overabundance in one country should alleviate global hunger. The UN official statistics shows that our food outlets throw away 50% of the food wasted as GMO is spoiling sooner, not aware that God in heaven sees it.

From my perspective it does not matter anymore. Mankind has become totally evil. Our culture based on relativism is evil to the core, which got God the ELOHIM's attention to send a Jonah to the global town square to announce time is up on God's clock. The judgment is now dated, and it gives us very little time to repent or think about Jonah's **WARNINGS**.

Why is true science forbidden by world governments although demonstrated by so many witnesses on YouTube? This free Internet witness has hundreds of witnesses demonstrating free clean energy and exposing many lies. Surely our 21st Generation will end in chaos. We should not blame God.

Personally, be informed. Whatever we do **is** recorded in books opened at the **White Throne** on the last day. We will appear naked with a record of our deeds on earth opened to the divine judge to be evaluated.

Then I saw a great white throne and the one who sat on it; the earth and the heaven fled from his presence, and no place was found for them. And I saw the dead, great and small, standing before the throne, and books were opened.

Also another book was opened, the book of life. And the dead were judged according to their works, as recorded in the books.

And the sea gave up the dead that were in it, Death and Hades gave up the dead that were in them, and all were judged according to what they had done. Then Death and Hades were thrown into the lake of fire. This is the second death, the lake of fire; and anyone whose name was not found written in the book of life was thrown into the lake of fire. (Revelation 20:11-15 NRSV)

Summed up:

The ELOHIM has presented two major witnesses from recent science, plus ONE, your and my grandkid. Proven even on a kid level, investigating nature can no longer find bugs crawling under every rock in your neighborhood indicating death toward extinction.

Your food market points to massive GMO destruction by charging increasing, astronomical higher prices every year, which is making billion dollar bonuses for the Death-angel cartel. Lastly, the energy supplier is suppressing free **ENERGY** proven by hundreds of witnesses on YouTube, still raising the energy cost.

Check the latest gasoline price hike. Look at how the environment is polluted globally with dirty coal poisoning the air and worse deadly nuclear radiation leaking over vast areas, no longer managing the cracked cement-lined pool not designed for 50 years to be a safe nuclear storage container to protect all **LIFE**.

This evil generation is grossly violating the ELOHIM's contract. On top of being totally evil, its leaders forbid free **ELECTRICITY** for mankind, still suppressed. This deadly cancer has gone too far to be healed.

Global universities should have perused true physics but now will witness an irreversible revolution storm turning upside down a 100-year old atheistic counterfeit science forum on a free YouTube. It will be reminiscent of the Islamic Spring and spread uncontrollably to expose the evolution religion's hatred bent to destroy Christianity.

Against the many criminal lies rooted in an unscientific evolution religion taught globally in the academic world, it will gain speed similar to a gigantic snow

avalanche to bury obsoleted, irrational theories in an icy balled up mass getting bigger.

Even scheming to close the Internet can no longer suppress TRUTH! It will grow stronger ending with divinely directed consequences, unstoppable and will surely cause a response from the Creator ELOHIM with an Apocalypse PENALTY for breaking his covenant to allow LIFE to continue for the next generation.

Watch, announced now greatly angered, furious, extremely incensed because mankind has messed up his garden genetically and grossly polluted the earth causing extinction. Condemned are those who deny free energy for mankind, ripped off by corrupt governments protecting wicked cartels.

The evil tenants will be thrown out to burn in Hell forever. They never paid their rent to acknowledge and honor the divine benefactor in heaven who gave us LIFE, nor were they gracious to his children living in utter poverty. But one more witness for the skeptic, one notch higher linked to the metaphysic ancient history dated to seal the ELOHIM prosecution case against a corrupt MANKIND destroying all LIFE on earth.

5. Enoch Pyramid - Third Witness

When a civilization once more screwed up GMO and denied free energy, it will also suppress a forgotten ancient story. Our godless global atheistic system has rejected ancient wisdom and thrown out most of ELOHIM's Bible wisdom instruction censored in every court and schoolroom. They replaced the ancient laws that made society survive for 6000 years by knowing the difference between what is **good** and **evil**.

It got replaced with **relativism**, guaranteed to make ELOHIM angrier the second time around. Perhaps, if you live to 2015-2017 now dated with science, you might witness from the sky God's WRATH.

Another asteroid will repeat God's judgment to end our civilization. It will do the same to the modern world as when the ancient but hi-tech Atlantis civilization disappeared on 5 February 2287 BC, totally without a trace, destroyed by a bigger asteroid. The YouTube TV clip of the Russian asteroid splitting up in February 2013 gets you the idea postulated.

But notice my story collaborates on a higher level why the Elohim must once more end evil to save LIFE for the next generation and consequently experience a future earth axis change proving Enoch's projection.

When EVIL is morphed into relativism, now taught to every child in kindergarten, and they no longer know the difference between Good and Evil and falls under the atheistic mind-control to accept the extinction of all LIFE on this earth. We will see a repeat of what happened in 2288 BC. Satan is well organized to the smallest detail repeating what worked so well before.

Predicting an Apocalypse using a kaleidoscope makes different pattern visible will widen a knowledge horizon. Most people will not recognize that our modern science we are so proud of pre-existed 4300 years ago. Mankind's prehistoric knowledge was far more advanced during the ancient Atlantis Civilization, which disappeared submerged in the Bay of Mexico caused by a huge asteroid fire from the sky like Sodom and Gomorrah, not 60 million fairy tale years ago as speculated by an atheistic evolution religion.

To get a new perspective of true science, you must look at all the evidence and not just pick what is politically correct at the moment. A powerful super wealthy priesthood has pushed their unscientific atheistic evolution theories for hundreds years, controlling most universities. If you are truly educated in science, you will readily recognize revealed modern mathematics in some special studies of the great pyramid in Gaza-Egypt. We could not do without physics, but more is needed from the metaphysics embedded in the Bible the oldest book of mankind.

Enoch, the seventh generation from Adam, was the ancient architect-builder of the Great Pyramid in Gaza. It was constructed before Noah's time but also gave warnings to that generation of God's WRATH. They had become totally evil in GMO, too.

Enoch was an exceptional math genius who embedded many cosmic secrets in his building design, which were only recently re-discovered. Buried in the makeup of his structure Enoch hid extraordinary mathematics and advanced physics rarely taught in universities any more. Modern education has forgotten the forbidden metaphysics now linked to my third Babushka egg concept book. That helped me to decipher the many ancient bronze gold clocks exhibited in museums still being suppressed.

The most important concept revealed by the study of pyramids around the world was the built-in physics mathematics that described the moving earth-tilt-angle. The only exception is the Methuselah-Enoch Gaza Pyramid built before 2288 BC. It does not match the earth axis wobble position of later designed pyramids.

Perhaps it predicts a future different degree of earth axis tilt forecasting the axis wobble projection of the upcoming asteroid impact. Most pyramids have math embedded that provides useful information in measuring historic time cycles on earth along a wobble declining calendar like the Mexico City outdoor museum has five (5) pyramids on top of each other measuring an axis wobble change.

The range is dated right after Noah in 2288 BC with an earth axis wobble declining very fast to Moses' time at 1400 BC, which made it obvious. The Aztec priests were confused in comparing their calendar from before Enoch's

time. They must have had a reason to build 5 pyramids on top of each other as the Moon Pyramid on the inside has (7) pyramids. Why? Before 2288 BC one solstice sun orbit had 52-year short cycles, the sun going up on the west-east reversing east-west seven times in one cycle.

But the nearby Teotihuacán Sun and Moon pyramid were built later on a lake. I noticed the apex is now less steep conforming to an earth backwards wobble measured against zodiac star position therefore designed the next pyramid with a more flattened apex indicating a double earth axis wobble angle at that time. They later made it stepped to save some money in adjusting to a small shift of the wobble angle.

The adjustment was made four times on the bottom footprint instead of building another one on top. That is seen on other pyramids measuring an axis wobble over just 100 years but a little steeper. Others, built 1500 years later, ended with $2 \times 23\frac{1}{2}$ degrees. Somewhere in this process, one priest got a better idea: pyramids are expensive, so he made a calendar using balls indicating wobble cycles declining.

In essence he invented an abacus. Some ancient ball calculators have bigger balls made from stones like a bowling ball exhibited in the Mexico City's outdoor museum, piled up on a wall everybody could see. They were from far away but found nearby. I assembled the same calculator principle as an instrument maker in 1960 as a mechanical Bendix military ball-resolver for rockets. It had three turning output axes measuring automatically sine-cosine math equations needed for space travel. It could have been adapted perfectly to an Aztec calendar wobble system.

Check my third Babushka clock egg book to learn more about ancient history ending with prehistoric clocks never postulated before why is it still suppressed by the establishment. Study the Antikythera clock with 32 bronze gears over 2000 years old. It was fished out from the ocean 100 years ago and exhibited in Athens Greek museum collecting dust. It now is deciphered but still suppressed by the brain-dead scientists who cannot figure it out. It is not possible for them because they are being fooled by an evolution religion, so they remain perplexed seeing so many other stone-gold clocks in other museums, still a mystery to them.

Tracing the Mexican Aztec civilization history from Noah's children, I started from Babylon via China, always moving toward east. Their path is littered with pyramids getting steeper. Many still are buried under jungle growth, but investigating pyramids globally surprised me. I even learned some exist in China along the same route, but only seen from satellites. Compare that on your paper-globe horizontal traveling across China floating down the main rivers to Shanghai being expert boat builders.

However, coming back to our Endtime scenario and examining the most ancient book, which is very unusual for us. The Bible can be proven as divinely inspired because it has the history of mankind written in advance, which can be traced backwards. Now pin down ancient Ezekiel's prophecy in the Bible. He revealed that the last pyramid build after 2018 AD is a Jewish Temple, now only a semi-cubic shaped structure. The last pyramid built on earth is rising from the Temple center surrounded like a city square Hilton donut hotel (Pearl #224 and Pearl #174).

Investigating the future earth axis tilt angle / wobble, I noticed that Ezekiel's last pyramid apex can be calculated from Scripture. Compare it with Enoch's first pyramid apex, and the differences reveal a future calendar. That explains the mystery of the only apex exception now logically defined and becomes a **third witness** projecting an upcoming Bible Second Asteroid impact angle. This prophecy is made using Enoch's mathematics as defined with forbidden metaphysics.

Summed up, averaging various pyramid axis wobble positions provides useful information to calculate a future earth-axis wobble as prophesied if compared to Enoch-Ezekiel pyramid to determine the future earth axis wobble. A bigger tilt axis is important for climate change because the bible promises a little more tropical climate for the next 1000 years to have super thriving food-supply feeding 70 billion people.

Look at a map of the earth expanding across unpolluted areas like northern Siberia. Trace it horizontally to China across the Canada's North Territory above 45° to 60° latitude opening new wide virgin agricultural zones with thousands of lakes but much warmer to grow food. Once more the ocean will be filled with fish, the Antarctic colder again and running rivers in the African desert opening the underground aquifers.

The Bible foretells that the hills in ISRAEL will be flowing with milk and honey once more. Plenty of water will be moved by tectonic dislocation opening Jerusalem to a wide valley to become a global world city, the capital of all nations. (Zechariah 14:1-11) Horrendous earthquakes will fulfill prophecy expanding the royal city the foot stool of Jesus Christ King of kings polarized around a global worship center with a raised temple area to a Sacred High Mountain set aside as an altar for Elohim's footstool and set with a pyramid temple on top.

Underneath, the foundation becomes the source of several springs with healing power growing into a new huge river filling the salt sea now sweet water brimming with fish. Just read the many Bible predictions written history in advance make now much more sense overlaid with true science linked to studying the cause of the second asteroid. Notice in

every country. Just observe the many embedded, tilted up layers of broken mountain ranges and think a little in logic to trace the last effects of a historic asteroid impact 2287 BC only taught in Christian schools.

It is Coming, One Way Another!

Since a second asteroid was prophesied in Daniel 2:34, I am not surprised to find it identified in a science magazine's 2003-2006 front page picture of a rock 52 km in size in orbit around the sun. It was advertised as projected to hit our earth in 2020, now forgotten.

But a Russian scientist in the meantime recalculated its orbit around the sun postulating that if one side is heated more than the other, it will change its projected path. If we allow metaphysical pyramid calculations, then we can conclude that it will terminate our civilization. The date originally calculated of 2015 is perhaps delayed to **2017**, like one more orbit. Still, it all matches a divinely inspired Jewish New Year date system and all the other Hebrew feast-fast holidays embedded in a celestial schedule.

Enoch's mathematics connect with science magazine projections, save for God's Grace. Remember Nineveh experienced Grace. The asteroid schedule could be modified from a projected 2015 end scenario to 2017. This is similar to the owner of the Titanic, who had rights over the pilot to run his ship according to schedule. But if the owner warns the pilot of an oncoming impact danger, and if the pilot is ignoring advanced warning, not put on alert, who will not prepare the crew and passengers?

For sure history will be repeated like Noah's relatives never made it to a closing door to be saved in the only boat available; therefore, they perished. Do not put your faith in stupid unscientific atheistic evolution religion. It is not proven with real science, and is in fact already has sunk like a Titanic with too many holes if you have the intelligence and watch YouTube exposing the many lies taught in universities. But if you are a professional, you cannot deny what was seen by honest scientists looking through a telescope. The atheistic science priesthood soft-peddle do not worry the asteroid no longer is visible, disappeared back into the cosmos. Was it to appease a scared public no longer hearing anything about it, business as usual, like denying free energy?

But not being ignorant of true physics while applying mathematics learned from Enoch's Pyramid still around could project a gravity calculation tracing a rock to follow its velocity projection still destined to hit the earth in 2020, which made big headlines in the first place to get our attention! But further investigating with true science reveals a sooner hit. Pay attention if

you want to survive, or would you prefer to follow Noah's relatives to a nameless death?

Checking the Bible record, three civilizations were originally planned and destroyed by asteroids, which can be dated with an ancient Hebrew calendar schedule. But the timing could be modified by God's GRACE overriding a schedule. Being an off-beat inventor-scientist applying modern science and measuring the apex of pyramids designed with an impact axis wobble apex, perhaps I could re-calculate along a corrected Julius Caesar - Pope Gregory calendar axis wobble ending in 21 December 2012.

An asteroid is God's method of divine Judgment. It is even recognized by a same-sex couples that know about a prehistoric Sodom and Gomorrah example conveniently suppressed linked to when a society degenerated and became grossly evil, will follow entropy laws. They will become more violent in causing the environment to disintegrate and put all future LIFE in danger of extinction. Demonstrating the same lifestyle in our time linked to corrupt governments that allow many evil scientists and corporations to pollute and screw up genetically our food supply heading toward extinction, gets the same divine reception once more - guaranteed.

The Atlantis civilization ended in God's Judgment with the first asteroid plunging on 5 February 2287 BC to create Mexico Bay with continents drifting apart raising mountains 20,000 ft. high like in Chili and North America destroying an ancient civilization, their ruins now under water after polar ice melted.

Ignorant scientists brainwashed in an unscientific evolution religion postulate that this documented asteroid event happened 60 million fairy tale years ago. But they have no witnesses to prove it. They should read the oldest book of mankind, **Job**, instead. It described some survived aquatic dinosaurs or Jonah's big fish 4000 years ago recorded in the Bible. A 200-ton whale is twice as big as the largest dinosaurs. Their study should include mystery bronze-gold clocks exhibited globally in many museums, now encoded to understand what the nature of time is.

Still following the pyramid trail linked to forbidden GMO, take just another turn of the kaleidoscope to give us notice why God once more planned to destroy our civilization, as in 2288 BC so in AD 2018. Next time around, the Apocalypse will be similar to the destruction of the Atlantis civilization, which became totally corrupt in Noah's life, full of absolute evil including devastating GMO linked to LIFE extinction.

For the skeptic, to prove that GMO existed in ancient times requires an extra witness (+ONE) for my grandkid would finalize the case of ELOHIM. Why do

we find so many paintings in museums of animal-human hybrids?

Look in your garden-nursery for a GMO mermaid fish-human figure, or visit the Great Pyramid in front a 150 ft. stone cat monument with a human head buried anciently in silted sand covered by a wobble axis flood.

The math of Enoch's Pyramid provides extra bonuses to reveal more. Does that make sense? Understanding that GMO verified even by the ancient civilization once more is connected to an asteroid apocalypse God's WRATH? Atheistic scientists will deny anything reported in the Bible but logical tell me how big where the waves in Noah's flood?

I invite you to look up to the Gaza-Pyramid on top, notice a washed out break. Now measures from the polished cover plates visible for thousands of years to the bottom Sphinx footing. It is very obvious. Everything is rough below where water pressure waves could have flushed off the outer massive cover veneer plate and buried a stone monument sphinx 150 ft deep.

Why do we see a high-technology man-animal gene modification applied during the Atlantis civilization demonstrated in a proud monument, which had advanced science, too? It could not have been done without electricity and computers as verified by many objects exhibited globally in museums and seen on many TV programs made by an atheistic National Geographic Magazine. If you want to know more, watch the many YouTube discoveries. It will surprise you: not all are fake deceptions sent from the atheist priesthood, pushing their unscientific evolution lies.

Enoch's pyramid embedded mathematics was linked to ancient clocks in museums now deciphered is just another witness. Clocks are designed to measure time. Ancient ones help to better analyzing future prophecy DATES. No wonder I was previously a little off when compared to a calendar earth axis "wobble". Now the earth axis is no longer moving in math exponential difficult to understand its logic if you are common educated. But since **2012**, the axis stopped. It will get better data aligned. No one should quickly reject Bible projections to find the reason but should not forget investigate physics linked to the metaphysics applying logic if your Mind is still open to it.

6. Apocalypse Dating Adjustments from a Metaphysical Perspective

Back to fine honing the dating of the Apocalypse, I turned my kaleidoscope again wondering what would be the effect on a global perspective if God's GRACE should it be extended further from the divine schedule?

If you ask me, I would not give Grace. Lucky for you, I am not divine. But look with open eyes at the evil GMO in a race to modify permanently all seeds and

domestic animals for food to extinction. Or look at politics driving mankind by high technology to the very edge of a nuclear catastrophe.

Ignorant theologians still wait for the apocalypse, insisting that the Daniel's seven-year prophecy is still future. Check out the statistics in science. Study the many signs of the Apocalypse Jesus mentioned in Matthew 24-25, now mostly fulfilled; however, where is the spark to blow up the powder-keg in ISRAEL, having passed the fearful 21 December 2012 date?

Keep watching NYC. The real 9/11 perpetrators want to rule globally. Like an omen, something will soon vaporize the big Islamic Satan to gain more power. I hope YouTube would be around to tell the real truth to the American people linked (Rev. 18:6) for future generations destroyed from within by absolute evil.

It moved me to double-check the prophetic date schedule. Perhaps I missed something to find only God's Grace could change a timetable, but I was still challenged to analyze some events not heard in church preaching a different scenario on Christian TV.

Following an old habit of mine of turning a stone to see what is under it, I discovered a gem linked to our changed historic Gregorian calendar. Many theologians wrongly quote a verse, and consequently they don't know that our calendar needed to be corrected by (2) two years. Why is it odd dating Jesus birthday 2 BC?

Dating the First Jewish Temple destruction reference consequently was not 586 BC but 588 BC, according to ancient bronze-gold clocks exhibited globally in many museums. Using that Bible-science information could delay God's WRATH prediction perhaps adding 2 years, too? I also applied it to Nineveh's generation that experienced God's Grace and lived a little longer. You are the judge of whether it makes sense.

I discovered too late, resembling what the prophet Isaiah experienced, that revealed truth comes in small portion here a little and there a little, and never all at once. It is too big for our mortal minds. (Isaiah 28:9-10) The concealed Hebrew math formula 7:5 ratio embedded in HANS can be applied once more to expand God's Plan for Mankind in a little investigating about God's extension of divine Grace.

A few years ago discovered a Hebrew code HANS first explained in the Second Babushka books, **Mystery of Tammuz 17** (page 319 - Chapter 7) describing Daniel's obscured Prophecy Rosetta Stone [7:5 Ratio]. In a previous dating opinion, everybody expected that something unusual worldwide would happen on 21 December 2012. I thought it was time for Satan to be cast out to earth. (Rev. 12:9-12) It was a natural reflex but logical because the war in heaven is fought without a time dimension and difficult to date if you are mortal. Since Satan did not show up according to my

scheduled opinion, Antichrist is still invisible and roaming the earth like before told in Job.

The LORD said to Satan, "Where have you come from?" Satan answered the LORD..."From going to and fro on the earth, and from walking up and down on it." (Job 1:7-8 NRSV).

Consequently, I concluded that Satan is not yet mortal. I learned we can only approximate some dating proceedings by comparing it to our earthly mortal clock events because we are living in a time dimension. The first indication starting the middle of the Apocalypse, which is the Chet or 8th Hebrew cycle, meaning corralled in / a new beginning and linked to a Chinese New Year of the Snake.

The Vatican announced German born Pope is resigning on February 28, 2013. It shocked everybody, but many see it as prophesied by Saint Malachy (1094-1148 AD) that a future #16 Benedict Pope will be the last before the world will end.

Now the corral Hebrew HANS doors are opened for a serpent to appear on the world stage symbolized in Satan. I am persuaded that the Antichrist will appear in 2013 in the same year. Benedict #16 was the last Christian Pope leaving a sinking boat as the next Pope is the true Benedict Shepherd coming back from heaven linked to the Hebrew number #17 but prophesied in the Bible **Jesus Christ** binding Satan in the abyss ending Satan's school of teaching us evil.

However, one more last counterfeit atheistic pope must appear being linked to Satan like so many in history. He will be adored by the secular world that he will promise to unite globally. All religions will come together in a global World for Peace Party Movement as the answer to worldwide unrest. He will preach that all religions must come together joining Islam and Christianity (Chrislam) to solve the ISRAEL conflict and to obsolete the many wars on earth. Watch out!

Read the Bible proclaiming this biggest deception. History will be repeated like Goebbels, a prophet politician during World War II who stirred up evil by announcing his National Socialist Party would last 1000 years. I remember it as a kid living in Germany.

Likewise the greatest deception Jesus said has arrived will be the most terrible time on earth when Satan really angry now cast out from heaven and knows little time is left to rule physical globally on earth. Now Hell will be visible transferred to our mortal domain. Watch massive demon-possession affecting the class of privilege who benefitted from a free sponsored UN Visa Card prepaid with fiat money as the rest of a world population is starving run out of energy embroiled in wars as usually.

Only the elite will have food and credit to buy gasoline. The Bible warns us never have the Visa-

Beast-number embedded in your right hand or forehead for easy identification to get rationed food and keep your job belonging to the class of privilege. This is mentioned in Revelation 14:9. The salvation destined one for eternal LIFE, but becomes impossible once sold to a Satan enforced global Peace Party system of privilege. Even lukewarm Christians when starving will be misled and sifted like wheat from tares, as God's harvest has started.

Once more to make the middle of the Apocalypse a reality and to expand our vision, we need to apply the obscure HANS 7:5 ratio as a help in dating the final events of Satan appearing first in an assassinated body of a world leader. When an angel is cast out from heaven to earth it can only become visible if permitted to steal a dead body.

Satan will be resurrected in an assassinated world leader body to enter the Jewish Tabernacle Temple as a final act of rebellion against ELOHIM, proclaiming he is the divine SON, being resurrected as proof. Therefore, desecrate the ancient covenant holy symbols given to ISRAEL. The center-hub for the Endtime prophecy surfaced when the UN allowed a replica of a temporal tent tabernacle being built on the Jewish Temple Mount next to the Islamic Mosque.

Articulating a biblical appointment, we can attempt to mathematically date that major confrontation and conflict that will defile and violate the ancient Holy Place. I believe it is still possible to look ahead. But be careful. Our limited MIND perception can fool us, and we need to investigate more Bible history written in advance to align it with simple logic. You be the judge.

However, I am strongly convinced that the most major event linked to Satan is anchored firmly grounded in mathematics as too many witnesses merge like many spokes supporting a wheel all focus to a target center of **25 July 2015**.

It is even dated from other systems matching HANS and measured from a corrected fixed Julius Caesar calendar with a 2012 perspective cross linked with Enoch Pyramid projections, the oldest information. (Check Pearl #224.) But the possibility of applying God's Grace could shift the main center event by one more asteroid orbit, which is the final Armageddon global war concluding the Second Civilization on a Hebrew holiday calendar schedule 17 September **2017**.

Analyzing the APOCALYPSE dating system as adjusted from metaphysical discoveries, I find that many previous dates are still right on, but perhaps need the final Armageddon closing death event expanded by two years to be correlated with a newly discovered science perspective. Let's investigate once more the timing of the coming 52 km asteroid destined for GOD'S final WRATH.

Remember, I read in various science magazines published in 2003 and 2006 that announced on the front cover the possible strike of an incoming 52 km asteroid rock. It was on its way, orbiting around the sun in 825 days, as discovered and traced a little by the Hubble Telescope now forgotten. (Daniel 2:34)

An exponential curve is difficult to visualize looking against the sun's profile. It is much too bright to see a small object, and we can only see it contrasted in the night-sky silhouette on the side. If astronomers have forgotten what was published years ago in science magazines, they could miss that rock, as it is only visible a few hours when passing between sun and earth. It could go either way and even hit the sun.

I believe that solar flares continually observed are really asteroids hitting the sun from the asteroid belt source as the sun is a much bigger magnetic attraction like the size of a hot air balloon compared to our cherry-size earth a tiny magnet. Only a horizontal rock projection is dangerous to earth with the likelihood to happen nearly zero having nine planet-shields in between and the moon protecting a special designed earth home for humans, unless caused by a Creator who invented the solar system.

Investigating science closer could open the horizon redefining false teaching in global universities. Since Galileo looked through a primitive telescope to prove his sun religion, the atheistic science establishment teaches contrary to the Bible viewpoint that the sun is fixed and all the other planets are moving around which is not correct. If the sun is fixed, we would not experience gravity on our body. Not understanding that made other science theories wrong, too. Please check:

<http://www.youtube.com/watch?v=o6jBK1ZV-q5>

A Russian scientist made a movie on YouTube showing a totally new concept, which was proved years ago in my theory and explained last year in my 9th UREE Babushka egg book. Namely, that Galileo was wrong to assume the sun is fixed.

Now based on a thousand photographs from space, which leads to an illusion all is stationary. I wrote **Pearl #225 - Is Gravity Magnetic?**, which explains a chain carousel. When seated, we feel gravity and compare it to our universe turning with the lights on in galaxies.

That same allusion we get seeing the asteroid belt and think that all those rocks and fragments are just motionless. But our satellites, obeying physics, must move; otherwise we could not have a photograph from space. Therefore, it is not possible on one side to trail an incoming asteroid in danger to collide with earth, but in looking at the asteroid belt I conclude that a billion possibilities exist.

On the other hand, if a moving sun is the leader in the pack with chasing planets, it will behave like a huge

vacuum cleaner sucking in magnetically-gravity wise any oncoming asteroids on the way, which makes the earth the safest place in the universe being behind. That is consistent when you plan for LIFE to have a safe place in a hostile universe. Look through the telescope and explain why a shrinking time dimension is so dangerous in physics. Measure the energy exchange of an atom bomb will prove a theory?

When we use the 4th creation day perspective, the earth trailing behind the sun makes good sense, like driving behind very close to a truck shielding us from sand storm debris damaging the windshield. I postulated the daily explosions flare-outs visibly observed on the sun are impacting asteroids. Why not? Watch a rock hitting stationary pond. It creates a water spike, but a fluid surface sun moving would produce an arc magnetically returned as seen photographed.

By the way, that proves why my 16 UREE electric generators work. They could give us free ELECTRICITY from magnetic gravity expelled from the sun. A one-sided science-view based on Galileo's sun religion observing the planetary system should be re-examined after 400 years and compared to our modern technology to get another look. An unscientific 150-year-old evolution theory should be discarded when it is in conflict with physics. Never mind the metaphysics, only understood when your MIND is not brainwashed by the establishment when it comes to scientific evidence established by experiment and careful observation.

7. The Final Big FISH Dating Proof

Similar to what happened in Russia on February 15, 2013, an asteroid passed by, which will be repeated again being the greatest spectacle possibility of applying God's Grace dated with science. On **17 September 2015 AD** a 52 km asteroid rock will pass by the earth and be seen globally by everybody's eyes big time on TV meant as a last warning of God's WRATH, like the biggest JONAH FISH to appear.

Previously, I thought that Jonah's big FISH was "**free energy**" for the next civilization. But logic changed my mind from what was around for hundreds of years as demonstrated by many rebel scientists rarely would be extraordinary a big fish. But a huge asteroid in the sky seen by everybody passing the earth is truly a bigger FISH terrible scary unable to prevent it.

Let's look again if we can project an asteroid from the metaphysic perspective. If one orbit is extended from the 2015 schedule by God's Grace could mean a delay of the impact by 2.2 years (825:365 days = 2.2) still within the timetable of 2018 AD. But forecasting dating cycles must be linked to the Hebrew calendar gears being offset by 8 months to the Gregorian

calendar. That would date the ending of the apocalypse ($2015+2 = \mathbf{2017\ AD}$) on two entropy levels. But on the other hand, when a rock orbit is moving exponentially, it will get consequently a shorter time, too, making up the difference. But the metaphysical projection dovetailed more accurate than the previously dated **17 September 2015**.

A little exponentially shorter time like 8 months must match the previous date perfectly and start the countdown of Daniel's prophecy on **5 February 2012**, now expanded using the 7:5 HANS overlay by five more years to 2017. The September 17 date is still linked to Jesus' birthday on 18 September and 10 days later on 28 September ending with Hebrew Holidays of Yom Kippur and Atonement followed by the Feast of Tabernacles and centered on the most important date of inaugurating the newly appointed Jewish King as linked to an old Hebrew moon calendar New-Year festival.

All must match. In the case of clock gears, as little as half a tooth will stop any time projection. Check the Hebrew calendar system of the 19-year cycle. The cycles must mesh like gears inserting 7 times an extra Addar month to synchronize a Julius Caesar **21 December 2012** solstice calendar correction. Amazingly, moon cycles seem only three Jewish calendar days off looking at **2017**. That is still astounding. I calculated the accumulating wobble fraction in math across 2000 years in the UREE Energy Babushka Egg book #9 if you are familiar with true science linked to prophecy. It must be perfectly aligned by seven Jewish feast and five fast days matching a divine HANS 7:5 ratio logic proving these dating opinions.

First Witness: the Metaphysics Bible

One more proof: start counting the 7-year Apocalypse from **21 December 2012**, which is also the middle of twelve cycles, like 7:5 or the seventh (7) Hebrew cycle and add Daniel's prophetic 1260 days to get to **17 September 2017**. However, we must convert Daniel's wobble axis calendar of shorter backwards days.

His ratio is (7:5=1.4). If we multiply it by 1260, we get a future adjusted time cycle that is wobble factor corrected to our calendar to be **4.8297** years ($1260 \times 1.4/364.24 = 4.8297$) added ($2012.9698828 + 4.829 = \mathbf{2017.799582}$ Jerusalem time, with a leftover fraction to arrive at **18 September, Jesus Birthday** coming back to start his Kingdom on Earth – a perfect match again.

Theologians are not familiar with a calendar change around Julius Caesar's time in 54 BC. It means that any date from Moses, or 1400 BC (last wobble), must be multiplied by 1.4 to correct to the Gregorian calendar.

Second Witness from Science

Much information is available on the Internet that make universities obsolete. You can get a better education without paying a penny.

Check the address of the IDA asteroid mystery 52 km in size, which I pick as a candidate that must match the mathematics of physics with the metaphysics on a higher level now added the Enoch Pyramid information as a third witness combined with logic. The Hebrew Hand-rule $4+1=5$ overlaid with the 7:5 Daniel ratio (#4) of ancient clocks measuring time (#5) should prove it to a brain-dead skeptic believing in an atheistic evolution religion.³ The 52 km IDA asteroid's orbit was given 4.84, and if we calculate with Babushka egg method, we get the same date: a coincidence once more doubled. $21\ December\ 2012 = 2012.972620742 + 4.84 = \mathbf{2017.81262}$ fraction = **SEPTEMBER 22.8**

Again 4 days off, as the scientists do not know our calendar needs to be corrected again since the Middle Ages by 4 days to match the Jewish moon calendar. (Check the 9th Babushka concept book.)

Seeing a monster asteroid fizzing by in **2015**, atheistic scientists will postulate that a rock passing between earth and sun would more likely fall into the sun in order to reduce popular anxiety. However one more orbit is scientifically possible being invisible behind the sun, and it could also exponentially turning still to incline and plunge into the earth in **2017** instead as prophesied in Daniel 2:34, Revelation 16:17, Isaiah 24 and other Bible places. You decide.

Remember the number 17 overlay from the metaphysic perspective. A strong case could be made for 2017 in HANS. It means (Beth) 2 = house on a higher level (reaching hand =20) now linked to the Hebrew **17** = Victory Jesus appearing in the sky starting God's Kingdom on earth eliminating EVIL as expressed in $10+7=17$ (Jod-Zayin), as **Zayin** = sword linked to **Jod** on a higher level ending the Armageddon war. To learn more, read Revelation 11:15, 17:1-18.

But skeptics need more witnesses. The first became the ancient Aztec stone clock exhibited in the Mexico City outdoor museum having 52x7 years oriented toward solstice positions, but measured in short cycles reversed from our fixed axis projection.

It was demonstrated when hit by the first asteroid from Noah's time in 2288 BC. That date was **17 September** recalculated on Enoch's clock mathematics? Why does it overlay with a recent date **17 September** repeating? A triple witness number 17 was postulated 6 years ago published, but check this pearl has the number **17** in Bible verses buried, too. What a coincidence?

³ <http://sci.esa.int/science/www/object/index.cfm?fobjectid=2306>
<http://science.howstuffworks.com/asteroid-nuclear-bomb.htm>

Believing in an unscientific evolution religion was designed to keep your MIND brain-dead losing the ability to think logically and should never be considered next to a Bible-science book. It only creates confusion. Our American education has sunk to #36 on the world scale. It used to be on top in 1945. Primitive bush people have jungle religious opinions too, but are not exclusively enforced on a Western Civilization.

Why impose a "evolution religion" violating science in every school system? It is criminal to force my grandkid to believe in religious evolution fairy tales not even logical and push an agenda purposely designed to keep the masses compliant and ignorant to accept corruption so prevalent in global governments.

The footprint of the sun-pyramid in Teotihuacán near Mexico City is identical to an inch with that of the Pyramid in Gaza - why?

But the apex measurements represent a different earth axis wobble being built later in time. Why is Enoch Pyramid math design showing the next earth tilt axis similar to a future Ezekiel Temple pyramid and even embedded in ancient stone-bronze clocks? A different earth axis tilt would prove the prophecy projection of a major climate change to bring back what was before Enoch's times, a land dripping milk and honey. High up in Israel's sacred mountain, the footstool of the Elohim will have plenty of water running to fill the Dead Sea basin once more, alive with massive fish again like before.

Every child and PhD regardless of education will be confronted with reality when they see a 52 km asteroid flashing by fire in the sky. My first thought was this asteroid is much too big could destroy the whole earth but coming by twice being first close touching the air atmosphere breaking up in a fire rain even the Aztec mentioned it check it out in the 3rd Babushka book.

Traveling one more orbit became a little smaller still is a big hammer. That matches Revelation 8:10 dated 2015, the third trumpet of falling debris poisoned the water like Wormwood many died from drinking it, followed by the fourth trumpet so much dust in the sky to dim the sun and moon one third now called out three (3) more **WOES** which is one more orbit coming back ending God's WRATH matching Bible prophecy! (Revelation 9)

Now everybody will understand the nature of God's anger to take it seriously but still will be debated by foolish brain-dead PhD and theologians speculating with unproven fabrication watching a disturbed TV. Or become educated in (9) nine Babushka egg concept book, and if not accepted: ...will perish like Noah's relative guaranteed. Watch

17 September 2017

This is what the Lord Almighty says:

"Look! Disaster is spreading from nation to nation; a mighty storm is rising from the ends of the earth." At that time those slain by the Lord will be everywhere—from one end of the earth to the other. They will not be mourned or gathered up or buried, but will be like refuse lying on the ground.

Weep and wail, you shepherds; roll in the dust, you leaders of the flock. For your time to be slaughtered has come; you will fall and be shattered like fine pottery. The peaceful meadows will be laid waste because of the fierce anger of the Lord. (Jeremiah 25:32-37)

8. Why did I Survive?

Nine (9) free Babushka egg concept books present much information never preached in any church or postulated in universities. God took me aside and said write a Jonah WARNING over my inner protest.

We are all born on this planet with a MIND, seems naturally to think of an infinite God, being conscious defined with five senses functioning inside the box controlled by an intelligent SPIRIT. But outside the box looking up at night see so many lights wonder how is it formed burning with energy, the circle of life and death the finality of it. We all wonder is that all?

I started with that question as a kid in East Germany occupied by the Russian Army. We were mostly starving, living on the wrong side in Germany. Always being so hungry, the oldest ran away from home and tried to cross the military East-West border to the food on the other side. Sneaking up to the border, ignorant of its danger I sprinted at the proper time like a rabbit making a dash to the other side.

But I encountered an unscheduled party of two soldiers patrolling and inspecting the military trenches, a highly decorated officer accompanied by his bodyguard. The bodyguard looked at me, aged 17 I remember, but now ordered to shoot as no one was allowed to cross the boundary supervised by military force. But God said, "NOT this ONE." His machine gun got stuck, useless, to give me life a little longer. Now 81 years later, I write about God's infinite GRACE once more, never was forsaken and never been hungry again, should read more (Grace bathed in mortality - Pearl #227).

In closing this important Pearl, I want to leave you with a thought like a little Kabala in a nutshell as an Apocalypse only makes sense outside the box. We were created by God who has many names. A few were defined in Babushka egg concept books trying to define a higher intelligence. Anyway we could accept that the infinite God is the energy source, and we are the receptors designed with five senses inside the box.

God designed a box with purpose like an inventor. He miniaturized and replicated himself to exist forever,

"Let us make mankind in our image." Perhaps fun to watch having a free will not being a robot but meant for important application in God's administration. Read the Bible to get a different view.

My electricity energy and new Donut Atom egg book defines a little what energy is seeing galaxies brightly shining in the night sky. Try to think of them on the metaphysic imagination as created shiny angels from another dimension. Each is different but seeing it from a creation perspective, a universe so many stars why do they exist and shining like angels? The other spectrum we cannot see in the sky many invisible planets on a lower domain, cold, and no longer light energy emanating from inside, empty decayed the final death stage of God's purpose. That is our domain, being mortal also part of a universe but no longer shining.

The mortal box was designed with five receptors our five senses to convert energy to fuel our MIND therefore being aware of our existence. Originally, Adam was created similar to an angel-body brightly shining like a radiant 1000-watt light bulb cannot see the inside invisible like our sun. Mankind became a new invention not yet final, God said there are two trees to give our parents a choice what you want to be with the light on or off? But do not eat the forbidden fruit, if you do, the lights in your body will be off.

Now Adam's children live in darkness made the wrong choice and ever since our body is decaying like a cold planet no longer shining following physics ending in death according to entropy laws, but still have the box receptors functioning with five senses receiving invisible energy we call life to live a little longer.

The design of the box has hidden possibilities to move some receptors a little to reflect energy back where it came from like a mirror now becoming a reflector as a contributor of energy sent via our environment we call Christian compassion, reflecting the ∞ energy light.

Some of our five physical senses now reflecting ∞ energy could morph outwardly into the metaphysic sixth sense that works in addition as demonstrated in charity activities. Now we – mankind, children of Adam, can mysteriously function again according to the original design, transforming the built-in receptor of energy only turned a little like a filter becoming part of a reflector-conductor of a higher level energy source to pass on God's Grace of Blessings.

This is how humans become suitable to reflect light, shining energy back to a lower environment poverty, despair, hunger and help the sick. We can shine brightly in a dark hateful evil world, looking like angels of light becoming visible again. The modified box is now once more united and linked to the ELOHIM Creator closing an infinite energy loop to be connected to the source to match the original purpose that started with Adam.

By recycling his infinite energy once more we become visible even shining on a dark earth matching the original design purpose. It is like an inventor building an electric generator running from an outside source will give us light passing energy from our five receptors for the benefit of our surrounding environment. Or when the lights are turned "on" will make the theater stage curtain rise to make everybody happy who came to learn more or be entertained.

Please take the opportunity to turn the lights "on" like Adam to experience God's GRACE being designed with receptors but could make a difference turning and become reflectors passing on God's Grace.

Checking the Gospel reflectors, you could discover that Jesus will make the difference in your life, too. Mortals were created to be redeemed to live forever but first need to be inoculated with a good dose of evil learned in Satan's school, thus building up an immune system against evil never to get corrupted again - even if surrounded with hellish fire like a sun shining again.

Being infinitely linked to the outside energy source invited to move my reflectors to redirect the energy helped a little by Jesus Christ - the WORD who loved us much, did not mind to come to earth and became flesh like mortals to let me find my hidden light switch now turned "on" reflecting his love.

Now we have the chance to become a one notch higher - SAINTS, shining in heaven like the angels and invited to the entourage of the King of Kings, Lord of Lords being privileged by intimate fellowship with Jesus Christ. The nature of light, like God's Word, will illuminate anything outside the box.

Seeing more, like Adam originally and the angels, they communicated back and forth with reflectors to be united with the energy source to live forever in total safety never to live in darkness ever again totally immune from evil, being inoculated while mortal.

Lucky for me, rising from the cocoon by God's Grace, I will become a beautiful butterfly in a world now open to expand my MIND. It will still have the receptors brought along to the next dimension to investigate my new environment that is promised to be without pain, tears and death no more. I could not keep quiet about God's GRACE, though even being unpopular, so it became my Grandmother Babushka egg story.

The Evidence Trail Continued - Nine Babushka Egg Concept Books

(Printable free on the Internet)

1. The 1st Babushka egg concept book tells the story of **God's Plan for Mankind**, which has never been preached in church. If you want to know what happens after death and what our destiny is, which is not answered by the many confused theologians, here is a simple book with profound consequences. My promise is that you will never be the same. **Apocalypse Prophesied 2008-2015, From Eden to New Jerusalem**. It is translated into German, Spanish and Arabic.

2. The 2nd Babushka egg concept book tells the story about what will happen during the Apocalypse. All events are dated. **Mystery of Tammuz 17, Ancient Hebrew Keys to Dating the Apocalypse**, also translated into German, Spanish and Arabic.

3. The 3rd Babushka egg concept book deciphers a number of ancient mystery clocks, which are exhibited in museums globally. I am sure it will become included in the canon because it connects three civilizations with different earth axis wobble calendars. All it needed was science and mathematics, linked to ancient prophecy and history. **Asteroid Answers to Ancient Calendar Mysteries, Aztec-Mayan Calendar, Antikythera & Other Ancient Clocks Confirm 21 December 2012 in Prophecy**.

4. The 4th Babushka egg concept book is about dangerous **Genetic Modification Exposed!** Atheistic, criminal scientists do it again. Just like the Atlantis civilization, they incur God's wrath once more, as they genetically destroy God's creation. Check out the consequence in physics linked to the metaphysical, and why we have an apocalypse in our time.

5. The 5th Babushka egg concept book corrects prevailing false opinions: **Reflections on Global Warming**, which gives answers to the question 'Why'. It will destroy the myth postulated in many universities, which are only interested in grants for higher salaries, but are not paying attention to the cause, since they reject Bible information that is linked to the moon's gravity.

6. The 6th Babushka egg concept book demonstrates a new representation in physics: **A Donut Atom Nuclear Story, How the Universe was Created**. A totally different atom theory; linked to galaxies and never before postulated. Gain an understanding of how nature works and how it is connected to the metaphysical. For the first time, it will explain how life is embedded inside the atom. It will also explain what gravity, magnetism and electricity are and explain why the Platinum Standard Kilogram PIS and its 6 sister copies have changed after 135 years; and how it is linked to the ancient mystery stone-bronze-gold clocks?

7. The 7th Babushka egg concept book expands a new atom theory, now proven with more scientific facts linked to Genesis 1:1: **What is the Time dimension? An Invisible Galactic-Atomic Force Connecting Gravity with Magnetism Linked to the Strong - Weak Force**. It is still a mystery, as the missing

links could define a New Model of Structural Physics. It became a special synopsis that explains what a **Time Dimension** is, which is associated to our mortality.

8. The 8th Babushka book, **New Research Pearls**, is a collection of unusual questions on the Internet. Requested by readers and answered from both physical and metaphysical perspectives. In the HANS code, the Hebrew letter **Chet** = #8 and corresponds to meaning, "corralled in – a new beginning".

9. The last Babushka egg concept book describes a new invention **The Ultimate Renewable Energy Engine (UREE)** that creates a free electricity profit. If it works, it will make nuclear, coal and oil energy obsolete, whereby we could be driving an electric automobile perpetually free. The energy is extracted from Gravity and will prove that **Elohim** controls the infinite energy cosmos. The Hebrew letter **Teth** = 9 "New Life" – נשמת הוֹאִיר – (air-breath) will start a new civilization with cheap ∞ fuel.

To measure time, we need clocks:

"You cannot turn back the clock, but you can wind it up again" – to receive ∞ Life.
