

After Rosh Hashanah ... 5779? – Part 3

Many controversial Torah-Bible prophecies were resolved in Babushka eggs and many Pearls from a true science perspective, thus I will not be persuaded that **God's Wrath** is delayed to save mankind. A shadow Illuminati FED bankers succeeded in this century to control all of mankind in a murderous evil system financed with fiat money to deny the Creator, the owner of this earth, and suppressed historic knowledge converted to fake science. Hence, everybody was deceived to ignore **Romans 1:18-32**. Thus, YHWH will again settle "Evil" similar to Sodom and Gomorrah.

But the Creator is not sleeping watching his Kosmos creation especially what mankind does to nature with computer technology causing massive extinction of many life-forms. A secret Global Elite altered the climate, modified every food seed in GMO, cloned and misused animal & plant genes into new aberration to end in extinction of that species. Worse a scientist-author Prof. Harari lectured recently in World Economic Forum Israel and shocked everybody postulating that the human species will terminate in a few years. Computer programs designed with artificial intelligence linked to Transgenetic is now sold to global governments. It will repeat history of a Noah's Civilization again grossly abused physics and concealed metaphysics laws. But this time will end with the return of **Yeshua** from heaven with millions of his angels to stop absolute "Evil".

The hidden Beast-system corrupted the Christian Church losing the desire to be faithful thus approved many crimes perpetrated by atheists. It affected a fundamental belief that God's children will be rewarded to live one day in his royal golden City stated in **Rev. 21:9**. Therefore, only those promoted to Sainthood will be pre-resurrected for a future eternal job. Thus everyone seeking truth could be trained for a future eternal career. Like Abraham was chosen to record mankind's history in a Torah book to educate many future nations. Similarly YHWH appointed another Jonah-II to warn an atheistic society and proved it with forbidden true science. For example, how does an inoculation of **good & evil** work related to Daniel's dreams verifying prophecies linked to Revelation. Yeshua foretold that the history of Noah's generation will be repeated again in the Endtime described in four Gospels (**Matt.24-25**) to culminate after 2018 with fire in the sky. (**Rev. 6:12-17**) He identified the last generation of 70 years corresponding to when Israel became a nation again in 1948 after 2500 years scattered all over the world. Thus for the first time, His return to rule in righteousness can be dated.

But the Creator, who documented mankind's life instructions, has the prerogative to change any schedule. Thus, He will always prove to any mortal searching for Truth that His Torah-Bible can be trusted. Hurry, soon the web is gone as many shadow governments want to enslave and prevent billion people from investigating **free energy** and the Plan for Mankind to receive free of charge Eternal Life explained in **Babushka Egg Book #1**.
