

Questions or Divine Purpose (3-28-2021)

This is the last “warning” Pearl of Jonah-II before the *Wrath* of *YHWH*. When my own children or recent pastors are not interested in scriptures will lead to the final intensive birth pangs of a new divine Civilization. To find the date or answers, I stick my finger at random in my Bible: **Acts Chapter 21**.

The story tells that the Apostle Paul returned to Jerusalem as a seasoned Pharisee lawyer previously educated at the feet of the famous Gamaliel. But Yeshua appeared to him to become the founder of the Christian Faith and start the seven churches in Asia Minor. I wonder viewing the end of his life journey *why* he reverted back to a religious hotbed of obsoleted tradition as the Temple was destroyed (70 AD) by YHWH. It is similar to my relative maybe the whole world will they trust the Creator or His spoken Word of the Torah-Bible? Maybe will follow a culture path and choose an inborn reason even when true knowledge facts are revealed insisting on deception.

In the Apostle Paul’s case he was warned many times. Perhaps it is difficult to listen to the Spirit, as God wants the best for us all. Looking once more at what happened to Paul trying to prevent his murder by forty (40) committed men? To escape death, he should have listened when God spoke in different ways, but he chose his privileged Roman citizenship. Perhaps it shortened his life journey ending shipwrecked and a prisoner for two years in Rome. He was innocent in open custody, but ultimately was beheaded by the government as no one paid a bribe, which could have been prevented by influential Jewish people and the many of his Christian friends. Nonetheless his faith became victoriously when he was appointed to **Sainthood** in the traveling Golden space City destined for a *Jod* dimension. **(Rev. 21:9)**

The foundations (v. 14) have embossed the names of each New Testament Apostles chosen from the twelve (12) disciples of Yeshua but needed to exchange Judas Iscariot who hanged himself with the last Apostle, Paul. On top are twelve (12) gates of crystal jewels assigned with the founder names of Israel to represent the Old Testament Saints, totaled at twenty-four (24) Elders with golden crowns around the White Throne. **(Rev. 4:1-4)** The Apostle Paul’s last advice revealed his right choice of Life in believing what the Creator YHWH-Yeshua revealed in his divine Word. **(Acts 28:25-27)**

²⁵ They disagreed among themselves and began to leave after Paul had made this final statement: ***The Holy Spirit spoke the truth to your ancestors when he said through Isaiah the prophet:***

²⁶ “Go to this people and say, ‘You will be ever hearing but never understanding; you will be ever seeing but never perceiving.

²⁷ “For this people’s heart has become calloused; they hardly hear with their ears, and they have closed their eyes. Otherwise they might see with their eyes, hear with their ears, understand with their hearts and turn, and I would heal them.” **(Isa. 6:10)**

Many Christians educated in denominations are confused hence are ignorant what the Torah-Bible teaches. They do not understand the Plan for Mankind as explained in many Babushka Egg Pearls or concept Books. Consequently in a nut shell, YHWH created Adam-Eve conceived with a reproduction system for a planned *Jod* dimension. Previously Lucifer and a third of his loyal Angels was replaced causing much chaos in the universe.

To extend eternal Life for the *Jod* dimension, Mankind had to be inoculated with a big dose of evil on a two cycle system illustrated in nature like caterpillar- cocoon death - butterfly in a temporary Earth *Daleth* dimension. Thus the creator Yeshua (**John 1:1-5**) will eliminate evil, many deceases, pain and tears, organized totally new in his next Kingdom. (**Rev. 22:10-16**) Because humanity's nature was designed Sinful, which defined evil will be judged by a divine **Wrath**, like Sodom & Gomorrah or worldwide via Noah.

Therefore a "Gift" of eternal Life is given free for the asking which was accomplished 2000 years ago by Yeshua Jesus the Christ on a public Cross. That event also introduced "eternal Death for every fallen angel (demons) from the *Heh* dimension. Once more, eternal Life for mortals is received on a two Resurrection cycles, which is controlled by divine cosmic Laws with three Covenants. One was given to Adam; the 2nd Covenant was presented when a Hebrew nation was started by Moses. He also introduced the Ten Commandments adopted for many future civilizations to be like a light shining in darkness. Thus Sin had to be judged by sacrifices in a future Hebrew Temple which will be obsoleted in a divine attainment accomplished by Yeshua to die on a cross for a cosmic Evil trespass. The last 3rd Covenant is much different to be introduced during Yeshua's 1000-year Kingdom, now on the front door.

Therefore if we insist on our flesh, we will find out the consequence of Sin and experience what is deserved during the mortal life. Thus humans were urged to "repent" to encounter vital answers of why *evil* happened to me, until each person is judged to separate the righteous from evil with a teeter-totter balance method. The Bible recorded many examples like a wise King Solomon who became corrupted at the end of his life doomed for eternity, or a slave girl Esther, who saved the whole nation of Israel. They all tell unique stories of how the Creator YHWH will judge the consequences of right or wrong choices during our mortal lives. Recently publicized on TV that science created new GMO species? It is a fat lie as all vegetables are now cloned no longer producing seeds. Screwing up nature will shorten and penalize worldwide the food supplies, thus check the vanishing web to be educated in ***GMO Exposed*** linked to free **Babushka Egg Concept Book #4**.

I am glad to be the last generations still remember true knowledge on a free Web & YouTube showing many videos of Christian sermons but also fake science to keep a world population ignorant produced in a Hollywood studio.

Thus I hope to pass the "Test" like Job to experience YHWH Grace and Salvation to see His Golden City in the sky to be sheltered with peace, no more pain, no deceases or evil to live in a new home -Yeshua's Kingdom.

A Final Question (4-4-2021)

YHWH the Creator is for most people still a mystery, but His Torah-Bible explains why he created Adam-Eve and why there is pain & disease followed by death, and ultimate Evil. Many will ask questions when Life is unbearable or hurting, like, “Is the infinite God also **Love**?” Why not read Paul’s letter to the Romans after Acts, which has a lot of information about the mysteries of the Plan for Humanity explained for those who are searching for the meaning of Life. When facing extreme pain leading to death, how can anyone be consoled enough to overcome distress or unexplainable disasters confusing their faith? (**Rom. 8:28**)

²⁸And we know that in all things God works for the good of those who love him, who have been called according to his purpose.

Fake science and atheistic governments have no answers - only the oldest divine book on earth available, preserved in hundreds of languages. Many people encountering difficult Life situations should read the Torah-Bible.

¹ Now I would remind you, brothers, of the gospel I preached to you, which you received, in which you stand, ² and by which you are being saved, if you hold fast to the word I preached to you - unless you believed in vain... (**1Cor. 15:1-28**)

It boils down to a main fact of Life stated in another epistle. (**Col. 15:15**)

¹⁵ The Son is the image of the invisible God, the firstborn over all creation. ¹⁶ For in him all things were created: things in heaven and on earth, visible and invisible, whether thrones or powers or rulers or authorities; all things have been created through him and for him. ¹⁷ He is before all things, and in him all things hold together. ¹⁸ And he is the head of the body, the church; he is the beginning and the firstborn from among the dead, so that in everything he might have the supremacy. ¹⁹ For God was pleased to have all his fullness dwell in him, ²⁰ and through him to reconcile to himself all things, whether things on earth or things in heaven, by making peace through his blood, shed on the cross.

Christians should share this great Truth when we hurt in life’s troubles and facing death, because they are not destined for **Wrath**.

⁹ For God did not appoint us to suffer wrath but to receive salvation through our Lord Jesus Christ. ¹⁰ He died for us so that, whether we are awake or asleep, we may live together with him. ¹¹ Therefore encourage one another and build each other up, just as in fact you are doing. (**1Thes. 5 :9-11**)

Back to the question, “Is *God* really **Love**?” Perhaps an old man Jonah-II has some useful memories or observations which could be helpful. Walking across an abandoned cemetery viewing curiously old tombstones in Mendocino California, I noticed many died at an age of 35yr. a hundred years ago as we now live longer. (**Pearl#126 *The Population Curve According...***)

Lately I viewed some videos which gave me a different perspective on why the Adam & Eve race is only temporary, especially in our current modern time. I saw several children with cancer, some are completely paralyzed like Joni painting pictures with her mouth, or a young man genetically screwed up without arms & legs preaching and praising the Lord being a Christian. Thus, read the Torah-Bible to reveal more unusual life situations of people expressing that the Creator YHWH *truly is Love*. (Dan. 6:1-28, 3:19-30)

³⁵ Who shall separate us from the love of Christ? Shall trouble or hardship or persecution or famine or nakedness or danger or sword? ³⁶ As it is written: "For your sake we face death all day long; we are considered as sheep to be slaughtered." ³⁷ No, in all these things we are more than conquerors through him who loved us. ³⁸ For I am convinced that neither death nor life, neither angels nor demons, neither the present nor the future, nor any powers, ³⁹ neither height nor depth, nor anything else in all creation, will be able to separate us from the love of God that is in Christ Jesus our Lord. (Rom. 8:35-39)

The Creator YHWH loves his creation demonstrated in many miracles conforming to cosmic Laws. The bottom line is that God looks not on the outside (1Sam. 16:7), but at the heart, as shown by the Apostles outlining Christianity in the four Gospels and stated in many epistles of the New Testament. His infinite existence was made visible when Yeshua-Jesus, the Messiah/Christ, adopted mortality and died on a public cross. It was witnessed by Roman authorities, the Temple establishment and by the common people. They all questioned why God would allow Lucifer and evil people to torture him with so much pain ending in death. When we study the greatest Love story ever told, we learn about the Plan for Mankind to reap a great harvest (v. 9) for doing good. (Gal. 6:1-10) The Redeemed will sing *How Great Thou Art* by Carl Boberg (1885), "*When Christ shall come, with shout of acclamation and take me home, what joy shall fill my heart? Then I shall bow in humble adoration and then proclaim, my God, how great thou art!*"

For God so loved the world that he gave his one and only Son, that whoever believes in him shall not perish but have eternal life. (John 3:16)

Amended Schedule of the Wrath of YHWH (3-1-2021)

Charles Dickens (1812–1870), was a popular, prolific author of Britain's Victorian Age, penned a poignant introduction to his famous novel - **A Tale of Two Cities** published in 1859. It was a long time ago, yet his description of that time certainly fits this modern age of the 20th Century. He wrote 150 years ago: "It was the best of times, it was the worst of times, it was the age of wisdom, it was the age of foolishness, it was the epoch of belief, it was the epoch of incredulity, it was the season of light, it was the season of darkness, it was the spring of hope, it was the winter of despair."

The year after Solstice 2021 was predicted to be the "**End**" of Lucifer-Satan Evil domain (JC 6000 yr.) by Jonah-II, not a theologian, but a scientist and inventor appointed by the Creator YHWH to announce a future foretold Apocalypse, which is similar to a birth with painful pangs; therefore scripture prophecy is repeated many times in a divine **WRATH**.

To date the Apocalypse is not seven (7) years long as postulated by many ignorant Christian theologians, but is reduced and very short like Sodom & Gomorrah as attested by true science in fifteen (15) Babushka Egg Concept Books and numerous Pearls. For the last 20 years much knowledge was forbidden by the global FED-IMF banker cartel, thus original calendars do not exist. Why not utilize a Hebrew Alphabet Number System embedded in the Torah-Bible? It could date the mystery Apocalypse by amending a falsified Hebrew calendar, but I wondered if the seven (7) Hebrew holidays would lead or trail a replicated solstice calendar (JC 6000+1000yr.) to match the oldest book from a divine perspective for the benefit of Mankind?

Daniel's prophecy was designed for a ***Daleth* (4) Earth** dimension, but discovered that clocks in heaven revealed by John's Revelation will run faster (20x). Predicting future evil events is explained from the perspective of the Hebrew Alphabet Number System (HANS). Only the Torah-Bible can expose the evil reality of this last civilization judged by righteous Laws. Thus Revelation is ending Evil to prepare humanity in a Divine Culture applying Probation Law for a *Jod* dimension during Yeshua's Kingdom. Worldwide fake NEWS tells lies and deceptions that should be related to a hundred Bible verses that mention **40 Days** connected to the WRATH of YHWH. Perhaps one could postulate the return day of Yeshua-Jesus to govern as King of Kings, Lord of Lords still dated after **2022 AD**.

It could only fit a prophesied period when Lucifer-Satan is cast out from heaven and his demons killed (**Rev. 9:1**) on a temporal *Daleth*-earth where mortality exist. Accordingly will finalize the Plan for Mankind and start the golden Age with limited Evil to heal the earth again in a Sabbath rest. Thus God's **Wrath** is described by John in Revelation (Chapter 4 to Chapter 16) will overlay in seven (7) months ordained by YHWH to seven (7) Hebrew-holydays. It is followed after ½ hour of silence in heaven (**Rev. 8:1-13**) with three **Woe, Woe, Woe** to end in **forty (40) Days** of recent political global events. When compared to Bible prophecy (**Rev. 9:12**) will know how late it is on a World Cuckoo Clock. It will start the thousand years Kingdom of Yeshua by terminating Lucifer-Satan domain mentioned in **Matt. 4:8-10**.

Projected Endtime

- (**January** 2021) History documented the USA inauguration of new President Joe Biden allegedly linked to a gigantic voting fraud. Please read **John 16:13-32** to counter the controlled media's fake NEWS.
- (**February**) Europe and many Islamic nations were upset with the current American Administration reversing many agreements made by the past President D. Trump. Like Germany announced a new military alliance, maybe preparing for the last war at Armageddon associated to the Sixth Bowl. (**Rev. 16:12**) Worldwide many businesses cancelled long-term contracts: Chinese coal with Australia because they bought huge electric generators producing unlimited **free** energy from Siemens in Germany. The United Arab Emirates withdrew many jumbo jets from America outfitted with engines that work only on compressed air.
- (**March**) Oil pollution on Israel's beaches caused by Iran was killing all Life in the Mediterranean Sea - perhaps it is linked to the 2nd Bowl. (**Rev.16:3**) Hence the world Oil price shot up from \$40 to \$70 per barrel.

The hostile Government of Iran financed by a new administration from America is now emboldened to destabilize much of the Moslem world to control two groups of Shiites versus the Sunnis. The Saudis are in trouble with a Houthi movement that has its roots in the failure of a political transition for stability in Yemen. Russia took the advantage by stepping into the political vacuum. (Ezek. 38:1-23)

- (April) The month has started with Easter the biggest religious Holiday making money again, even after a Corona Virus infestation being artificially renewed. But an atheistic World Order has forgotten the real reason for Mankind and should look at Jerusalem where the Endtime was prophesied. The Israel Knesset is still divided with many irreligious parties and is now experiencing the loss of American protection with consequences that will lead soon in a war at Armageddon. Evil will accelerate to the highest level ending Satan's domain of ruling over Mankind as foretold in the Wrath of Bowl #7. (Rev. 16:17-21)

YHWH appointed a German inventor-scientist Jonah-II to chronicle true knowledge facts for the past (14) years of the prophesied Apocalypse discovered in the Torah-Bible. He wrote about the final **Wrath** of YHWH, which is now projected to end with **Three (3) Woes** (Rev. 8:13) plus **Seven (7) Woes**. (Matt. 23:13-39) However the Messiah Yeshua-Jesus said that the day and hour is not known. (Matt. 25:13) But checking the corrected Hebrew calendar perhaps it could be leading by seven (7) Hebrew holidays to end again in **40 days** on a Jewish New Year (1 Tishri 5782). Therefore when we consider the Jewish 120th Jubilee on **9 Av**, maybe it could date the last forecasted end of this Civilization on Rosh Hashana (**20 September 2021**)?

Woe #1 would date an overlay of the Death of the Messiah Yeshua remembered as the Lamb of God, at Easter or Pesach (4 April 2021).

Woe #2 would date 18 July 2021, which commemorates the destruction of the two Temples on **9 Av**. It also foretold the event of the Two Witnesses from heaven (Elijah & Enoch) to announce worldwide that the Kingdom of Yeshua is now coming and correcting many misunderstood Christian perceptions for pastors and theologians. They will display divine powerful signs for **63 days** ($1260/20 = 63$) but are murdered by the AntiChrist - Satan with their bodies lying on the street of Jerusalem for $3\frac{1}{2}$ days. Then a loud voice was heard: "Get up" and being resurrected rising into the clouds. Thus, after 23 days (63 - 40) watch the sky to see the spaceship Golden City to pick up many Christians and save worldwide millions of children, and people not evil to continue mortality in the next divine Kingdom of Yeshua.

Woe #3 is the last **40 days** described in **Revelation 9-16** when Lucifer-Satan lost the war in heaven and is cast to earth to be imprisoned as the lone survivor as his millions Angel demons will all be killed, thus his dominion over mankind will end perhaps on Rosh Hashana (**20 September 2021 or 2022**)? My understanding of the math system of the plan for Mankind as recorded from the first page in Genesis to the last page of Revelation described by YHWH in His Torah-Bible, is attempted in Babushka Eggs with HANS linked to a cuckoo clock and suggested in a different perspective of science:

Appendix The Mystery of the Hebrew Language

(*Babushka egg concept book # 1 [Page 200]* - amended 4-15-2021)

The Hebrew Alphabet Number System (HANS)

The beginning of language on earth can be traced back to the Gospel of John which states:

In the beginning was the Word, and the Word was with God, and the Word was God. (**John 1:1**)

When Adam and Eve lived in the Garden of Eden, God revealed to them the basic structure of the original language. At that time they lacked the needed experience how to think and function to deal with his earthly environment. His mind was in some ways like that of a newborn baby.

The creative process of developing the human mind was not finalized in the Garden. It will continue throughout the cycles of human habitation of the earth. The finished product (a human being from God's perspective) can only come to his full potential by being born on the other side of reality when his earthly life was changed for eternity. Like an example, after programming a computer must be shut down and restarted. Similarly, people must die and then be resurrected to become a useful finished product for God's full pleasure and intent. Thus the Creator YHWH made mankind as a means expose Evil which must be terminated on the Endtime. However, because God does not want preprogrammed robots, hence He gave us free will. But many human beings will reject eternal life adopting evil. Since they do not choose to conform to His image will forfeit eternal Life eventually be eliminated in a second final death. Only those made holy and clean by the blood of Yeshua-Jesus Christ will remain to live forever.

The Symbolism of the Hebrew Language¹

The written Hebrew language captures the original concept of God's program. It is the only language that survived after the confusion of Babel to retain some of its original design. The structure of the ancient Hebrew language reflected the composition of the human brain. After all, God designed both of them. The language (software) was purposeful and compatible with the brain (hardware). In chapter 10 of my second Babushka egg book, **Mystery of Tammuz 17**, I cite an article written by scientists who demonstrated that the brain operates in two modes: reading text and manipulating symbols, which is what math is all about. Why should we be surprised that God gave us a structured language to reflect how the brain operates?

Our brains can find solutions by processing either text (left hemisphere) or mathematic symbols (right hemisphere). Some problems we solve are mostly one sided in our brain while others are predominantly solved with the other side.

¹ Hebrew Word Picture, by Dr. Danny Ben-Gigi

Many Bible verses contain confirming messages buried within the text that are revealed when overlaid or analyzed with what I call the Hebrew Alphabet Number System. As stated elsewhere, each letter of the Hebrew alphabet contains four *Daleth* dimension:

1. They are simply common letters that make up words.
2. Each letter also expresses a symbolic concept.
3. Each letter represents a mathematical value.
4. "Music notes are expressed in letters too without we cannot enjoy Bach and Beethoven. A piano has a 7:5 ratio combined with (7) white and (5) black keys similar to HANS in the *Daleth* domain mirror imaged in a *Heh* dimension with a spectrum of 12 colors around the Throne reported by John in Revelation. **(Rev. 4:3)**

In ancient Israel, after the destruction of the First Temple on 9 Av, the use of the Hebrew language declined. During their exile in Babylon most Jews learned to speak Aramaic and adapted a popular language like Hellenism Greek which caused the spread of philosophy, science and commerce.

Although Greek and Aramaic letters also have numeric values, those languages do not incorporate all of the above four linguistic dimensions that were embodied in the original Hebrew text. Therefore, we must study some details of the original Hebrew Alphabet Number System in order to determine the dating of biblical prophecy.

The original Hebrew alphabet contained foundational knowledge from God that mortal men could never discover and thus was revealed. It was buried in concepts of creation, the source of the beginning of the universe and in the first step toward diversity. Ancient Hebrew did not have numerals, hence the Bible spells out numbers in words rather than using the letters as numerals like the culture did in Latin and ancient Rome.

The first documented use of Hebrew letters as numerals occurs during the Hellenistic period around 200 BC, which means that the discovery of the letters' numeric values occurred before the Hellenistic age.

I believe that discovery was made by Daniel and the other Jewish scholars during the Babylonian captivity. This should not surprise us given Daniel's crucial role as God's messenger of dated the Endtime prophecies. Daniel probably discovered the numeric structure built into ancient Hebrew during his in-depth study of the biblical Torah scrolls. Confirming the existence of such concepts at that time, we find the concept of a kingdom's days being "numbered". **(Daniel 5:25)**

The ancient Hebrew speakers organized things by assigning numbers for priority levels. For instance, in our bodies the most important organ is the brain; therefore, we might assign the number one (1) to it. For two (2), we may choose the heart. The Hebrews used tables to show how they prioritized things like metals, fruits, vegetables, planets and even our

weekly cycle: the first day, Sunday (the sun), is followed by Monday (the moon). These concepts connect to the spiritual-physical side of man and are interwoven into the fabric of human history. Similarly, the **Hebrew Alphabet Number System** (HANS) combines numbers and symbols to explain the universe, the earth and our existence. This system can be used to understand important concepts and philosophies. Here are some examples, but ignore Planets linked to NASA fake science:

Hebrew Alphabet Number System Correlations

Not A Secret Code

I do not claim that there is some secret code locked up in the text of the Bible that goes contrary to the literal reading of the text. “Literal” does not mean that I ignore analogies, figures of speech and/or other obvious symbolism supported by appropriate biblical references. Numeric meanings and confirming overlays or alignments is not the same methodology as used by mystics. Any correlation of applying the Hebrew Alphabet Number System to the Cabala, or some other mystical system of religious meditation and/or union with the divine is strictly superficial and lacks substance. Some concepts are shared, of course, because the same ancient language is used and the correlation with numeric values is a fact that can be analyzed properly or improperly. All must be judged against the plain reading of the Scripture taken as a whole as well as by logical context. Following is a list of the twenty-two Hebrew numbers with their corresponding letters. The assigned meanings have come about from human scholarship into how these different alphanumeric symbols have been used in the Bible and other ancient Hebrew literature.

Due to the fact that the scholars must interpret the substance of where and how the letters are used, you will find some variation in the assigned significance attached to each letter depending on the reference sources you research. I tried to capture the meanings of these numbers and letters, as I understand them as an engineer and inventor. I am not a Jewish scholar, and I do not speak Hebrew. I organized into table format a brief conceptual presentation of what I learned in order to give you a glimpse into the flexible complexity of the Hebrew Alphabet Number System.

(For more ideas still mixed with fake science, please check Pearl #113.)

This table can be applied to confirm difficult contextual Bible verses, especially expressed that relate to the dating of a foretold Apocalypse.

Number 1 = Aleph (א)

The first letter of the Hebrew alphabet is *Aleph*. *Aleph* symbolizes the beginning of everything in the universe. All had its origin within and from God. Thus, it represents God the Creator, a profound mystery of unity and harmony. *Aleph* has a numerical value of one (1). It is the first prime number, which signifies a beginning.

Aleph is one of two consonants in the Hebrew language that cannot be pronounced. It is always silent, indicating the qualities of being hidden, incomprehensible, unexplainable and infinite.

In the Hebrew language, the word *Aleph* means "head of a bull" or the head of royalty king. In (**Exodus 32**) when Moses came down from Mount Sinai with the carved stone tables of the Ten Commandments, he saw that the children of Israel have made an Egyptian idol of a golden calf.

They wanted to symbolize God with the bull's head and to legitimize their fraudulent religious expressions hence covered their statue with gold. Humanity often borrows ideas from the Creator God in order to give our enterprises an image of acceptability. Ezekiel saw four creatures before the throne of God in a vision. One creature had a steer head, representing the physical world coming from a world of light.

Number 2 = *Beth* (ב)

The letter *Beth* means "house." or "duality" with a mathematical value of two (2). It symbolizes earth & nature interconnected with a *Heh - Daleth* universe defined as a *Jod* dimension. Our earth is like the inside of a house with many rooms and objects which contains civilizations, governments, people and millions of life forms. These concepts will reflect realities that are found in Heaven. Jesus tells us that many mansions will be prepared for repentant believers that accept Him as King of King and Lord of Lord.

This indicates that Heaven will be a familiar place where we will feel at home. Thus the world is like a house linked to people which has doors, windows and a roof. However there are other creations outside our own.

The Torah-Bible is written in the Hebrew language which begins with a foundation report in **Genesis 1:1-31** with "*B'ree(i)shit Barah Elohee(i)m*," and is translated in English as "In the beginning God created the heavens and the earth." Notice the first word in the Bible starts with the letter *Beth*. It is the outward expression of the "I AM" or the eternal Creator YHWH.

The Torah-Bible defined Creation by a number - letter (*Beth*) system meaning "duality" or "division" and therefor is linked to Adam-Eve of two genders, like male and female. It is further separated into two parts like the Old & New Testaments. Then there are the opposing forces of good and evil, right and wrong and ultimately Life versus Death. These concepts will only be understood when *Beth* is connected with *Aleph* (God the Creator).

Number 3 = *Gimel* (ג)

Gimel means "camel." As a concept it indicates the physical (animal) side of man. Its numerical value is three (3). This is another prime number that cannot be divided. *Gimel* expresses important ideas, thoughts or things. It is graphically represented by a triangle. The Jewish star is comprised of two interlaced triangles. The triangle *pointing up* means "perfect manifestation on the physical side of man"; the triangle *pointing down* indicates the "perfect manifestation of the spiritual", like the *Jod* dimension.

Gimel also stands for "divine completeness or perfection." Expressing God in a letter (*Aleph*) will show His visible attributes in three aspects proven in the Time dimension by a Trinity of GodFather, GodSon and GodSpirit.

Number 4 = *Daleth* (ד)

Daleth means "door." It has a mathematical value of four (4).

The house (*Beth*) has a door (*Daleth*) by which you can go out or come in. The door can be closed or open. If the door is open, we can see into another world. God designed us to live with the door open, which means that we will experience strife in our lives, rather than closing the door to avoid conflict.

In the *Daleth* dimension most people will live in a world of warfare and conflict, both within us and fighting deceases and pain in nature. It will symbolize a world of opposition between good and evil, justice and injustice to experience ultimately life and death. Hence a ***Daleth* - 4** - dimension represents "this world in this time." It covers the physical side of our world which exists only in a Time dimension. There are many examples of this four- dimension concept:

- Four directions (north, south, east, west)
- Four elements (earth, air, fire, water)
- Four kingdoms (animal, vegetable, mineral, spiritual)
- Four seasons (spring, summer, autumn, winter)
- Four DNA genomes (A, G, T, C)
- Four gospels (Matthew, Mark, Luke, John) and many more.

Number 5 = Heh (ה)

The fifth letter is *Heh*, which means "**window**." Its numerical value is five (5). Through the window, the world comes into the house, just as it does by the door, but on a higher level. Light comes in through the window, and you can see what is outside. If you shut the window, your soul will become dark; you will lose hope. You will become ignorant and evil. There is no tomorrow for you, and your soul will slowly die.

Heh also means "the other side." This can refer to Heaven, the spiritual world, the immortal side of man or angels and other spiritual beings.

Another meaning for *Heh* is "grace." In (**Hebrews 10:29**) the Holy Spirit is called "the Spirit of grace." (**Isaiah 9:6**) uses five names for Jesus the Christ:

- (1) Wonderful,
- (2) Counselor,
- (3) Mighty God,
- (4) The Everlasting Father,
- (5) The Prince of Peace.

Number 6 = Waw (ו)

Waw means "**hook**." Its numerical value is six (6). *Waw* connects one thing with another. (Please see the video on Page 6)

God made the earth in six days and *connected* man to the seventh day. The time before creation was then joined (*connected*) with man after creation. A supplementary meaning of *Waw* is "man in his sinful nature," which denotes Satan's influence over man. (**Ephesians 6:10-12**)

Finally, be strong in the Lord and in the strength of His power. Put on the whole armor of God, so that you may be able to stand against the wiles of the devil. For our struggle is not against enemies of blood and flesh, but against the rulers, against the authorities, against the cosmic powers of this present darkness, against the spiritual forces of evil in the heavenly places.

The above passage describes six manifestations of Satan's influence over man: 1)"the devil's schemes", 2)"flesh and blood", 3)"rulers", 4)"authorities", 5) "powers of this dark world", 6) "spiritual forces of evil." It also contains three admonitions: 7)"be strong", 8)"put on", and 9)"take your stand". If you add three (*Gimel*, "important ideas") to six (*Waw*), "man in his sinful nature"), you get nine (*Teth*) "new Life".

Number 7 = Zayin (T)

***Zayin* means "sword/strife" or "completeness/ perfection."**

The meaning that applies to any given context depends on whether we are viewing events on earth or in Heaven. The numeric value of *Zayin* is seven (7). The number forty-nine (7 x 7) represents a double portion of trials, tribulations, struggles, or weapons (if we are looking at earthly things). The seventh tribe of Israel, Gad, was the first to engage the enemy to enter the Promised Land.

When examining the eternal dimension, ***Zayin*** means "divine perfection or completeness". It refers to something that is absolute or set aside. The book of Revelation describes seven candlesticks, (7) churches, (7) spirits, (7) stars, (7) trumpets, (7) bowls and (7) Thunders. **Pearl # 242**

An old Hebrew tradition says that we are now living in "the seventh day." The six-day creation story repeats the phrase "And there was evening and there was morning" six times. On the seventh day, however, this phrase is omitted. The seventh is our present age, which is still in the making. Unlike God's rest, it is full of strife, swords, weapons, killing and conflict. Thus Jesus told His disciples. "Peace I leave to you". But peace in a *Daleth* world for many is at war ignoring Jesus in their unbelief, consequently He said:

"Do not think that I have come to bring peace to the earth; I have not come to bring peace, but a sword. For I have come to set a man against his father, and a daughter against her mother, and a daughter-in-law against her mother-in-law; and one's foes will be members of one's own household." (Matthew 10:34-36)

8 = Cheth (N)

Cheth has a numerical value of eight (8). It means "**fenced in**," like in a cage, "**being surrounded**" or "**a new beginning**". The difference depends on whether we are looking at earthly or heavenly things. We can have a new beginning if we direct our view into Heaven (5). But we will be encircled by evil if we pursue earthly things. Eight people were saved from the Flood (Noah, his wife, his three sons and their wives). These eight people represented a new beginning for mankind after the world was destroyed by water. The root number is still four *Daleth*- (4) meaning "this world in this time". Four males & four females came from the old world and progressing into *Cheth* (8), a new beginning on a higher level.

9 = Teth (ט)

The ninth letter *Teth* is not actually a word, but more of a concept. It indicates "**New Life.**" Hebrew tradition says that *Teth* represents a woman giving birth or a place where something new is brought forth. Like a notion that something is hidden in the darkness which comes forth to the light similar to seeds bursting from under the garden dirt.

Another meaning for *Teth* is "fruit" or "spirit." Paul mentioned nine fruits of the Spirit in (**Galatians 5:22-23**): love, joy, peace, patience, kindness, goodness, faithfulness, gentleness and self-control. There are nine gifts of the Spirit (**1Corinthians 12:8-10**) and nine Beatitudes (**Matthew 5:3-12**).

10 = Jod (י)

Jod means "**hand.**" It specifically symbolizes "the hand at rest" because God has provided and prepared everything we need.

Jod (pronounced Yod) is like a new birth born out of *Teth*. New Life is transformed and continues on to a higher level becoming *Jod*. Another meaning of *Jod* is "law and responsibility". The cosmic laws of YHWH were shortened for mortals by the Ten Commandments. Also there were ten plagues in Egypt and linked to a tenth of tithe earnings. (**Malachi 3:10**) Genesis contains the phrase "God said" ten times concerning His creation. The first letter of God's ancient Hebrew name is **YHWH** which is defined in a Tetragrammaton as (*Jod-Heh-Waw-Heh*). The name of the Almighty is consequently four Hebrew letters and will begin with a *Jod* dimension recorded in (**Gen. 1:1**) Since God is "Eternal" it is not surprising that His covenant name is described in (3) three reviews, the past, present & future added with a concept "to be" by which all believers are named and grafted into the Kingdom of God. (**Eph. 2:12**)

20 = Kaf (כ)

The higher level of *Jod* continues with the eleventh letter, *Kaf*, meaning "**holding or reaching hand,**" extended in an expression of purpose or redemption. According to ancient Hebrew law, a person had to be twenty (20) years old to become an adult citizen who was fully accountable to the law. (**Exodus 30:14; Numbers 26:2-4, 32:11**) *Kaf* is not only connected to an earthly existence of our bodies where redemption is possible, but will lead us beyond to live without pain, tears and death promised by a Resurrection.

30 = Lamed (ל)

Lamed means "**an ox-prodding stick.**" The ox is controlled when a "holding hand" (*Kaph*) starts an activity, and *Lamed* (the stick) gets the ox moving. *Lamed* guided the "bull" of first things (*Aleph*) that started the world. The other meaning of *Lamed* is "dedication." It is connected with the blood and life of the Messiah Yeshua; He started His public ministry at the age of thirty (30) years. (**Luke 3:23**)

Accordingly a man had to be thirty years old to fulfill the duties of a priest or tabernacle, later a temple outlined in the Old Testament. (**Numbers 4:3**) Jesus was betrayed for thirty pieces of silver (**Matthew 26:14**) which was prophesied centuries before the same event (**Zechariah 11:12-13**). The curtain in the Jewish temple was thirty cubits long. It veiled the Holy of Holies from the Holy Place where the priests performed daily rituals. The High Priest entered the veiled Holy of Holies only one time each year – at the Fast of Atonement (**Leviticus 16**). Yeshua is the High Priest for all peoples similar to Melchizedek. At the time of His death the curtain in the Temple was split in two which symbolized that His atoning sacrifice to provide his new believers or allowing people direct access to God. (**Isaiah 42:1-9**)

40 = Mem (מ)

Mem is more than just a letter of the alphabet. It has a built-in word structure similar to *Majim*, which means "**water.**"

When applied to days, months or years, the number forty (40) does not necessary mean an actual measurable amount of time. Rather, it conveys something related to the time-life dimension like a "generation." These concepts can be compared to water, which is an indefinable expanse without borders, a condition in which people could drown and die. *Mem* also means that there is a purpose to the "trials," "testing" or "probation" of life on this side. Israel spent forty years in the wilderness being tested by God before they crossed over Jordan to inherit the Promised Land. (**Deuteronomy 8:2-5**) Jesus was tempted by the devil for forty days. (**Luke 4:1**) Forty days after His resurrection Yeshua ascended into Heaven. (**Acts 1:3**)

50 = Nun (נ)

Nun expresses man's individuality in the *Daleth* time dimension and will indicate "Life with a purpose" on the other side after death.

In Moses' day the people of Israel were told to make a bronze snake and lift it up on a pole. (**Numbers 21:4-9**) Whoever looked upon that snake was saved from the poison and did not die. The image of the bronze serpent not only symbolically reminded them of the original problem of sin, but it will also assure them that God had provided a means of salvation and restoration to live in the midst of a desert experience. As such, it is a prophetic type of Yeshua-Jesus on the cross. (**John 3:14; 12:32-34**)

Joshua, the son of Nun (50), led the children of Israel through water (*Mem* = 40) to the Promised Land (50 = 5x10, *Heh* = 5, "the other side"). Joshua is a type of Jesus who will lead us into the eternal rest of the Kingdom of God. (**Hebrews 4:8-11**) The Torah required Israel to celebrate a special year-long holiday every fifty years called the **Jubilee**. All debts were forgiven on that day as all property returned to the original owners and freed all slaves. Money was reevaluated to its original worth to cut all political ties, even

the High-priest was changed to another family. The number fifty (50) is also connected to a modern Jerusalem (1968-2018) linked to Israel's future return and restoration to the original land God gave them. Now many Christians after the fiftieth day will celebrate a Pentecost holiday of Yeshua's resurrection commemorating the outpouring of the Holy Spirit.

60 = Samech (◉)

Samech represents Satan and it also means *nahash* or "snake" because Satan appeared as a serpent when he originally tempted mankind to sin.

Adam had been commanded by God to multiply and subdue the earth, but was forbidden to eat from the tree of knowing good and evil. The serpent convinced Adam and Eve to question this command. It seemed a paradox that God would tell the first couple to be fruitful and populate the earth, yet forbid them to eat the fruit that would give them the knowledge they needed for survival of nature. So Adam & Eve used their own judgment and based their decision on what seemed good to them at the time. They chose Sin rather than depend on God's provision for Life.

At the moment when man took that first step of disobedience he began a journey away from the Lord. Humanity still strives to be independent from God, and thus we experience strife and difficulties in the midst of an evil world governed by Satan. The first act of disobedience to God in the Garden of Eden brought sin into the world. All of the descendants of Adam and Eve now carry the disease of being sinful. We are compelled to ask, "Why I am here on this planet? Where am I going? Will life ever make sense?" Despite life's difficulties, we can still find God. He has made provision for His children's salvation and restitution so we can return to a state of conformity of his righteous and aligned with YHWH holy character.

Samech refers also to false religions Satan invented linked to idol worship. The image of Nebuchadnezzar, which he erected and then commanded to be worshiped, was sixty cubits high and six cubits wide. (**Daniel 3:1**)

70 = Ayin (׀)

Ayin means "eyes" or "spring." This letter, like *Aleph*, is silent and can only be verbalized with vowels. The number seventy (70) is an expression of "the sum total of this world." Ancient Hebrew tradition says that the earth has (70) nations, (70) languages, (70) words of wisdom and (70) elders to guide people. (**Exodus 24; Numbers 11:16**) This does not always represent a literal number, but a connotation of something is complete.

The inner eye sees the world in its proper place. When we understand a problem, we often say "I see," meaning that we understand what is hidden. The blueprint of God's plan for this earth is understood with the eyes of *Ayin*.

The second meaning of *Ayin* refers to spring water that comes out of a mountain. This refreshing life-giving water, which comes from hidden places, can sustain us on our lifelong journey on earth. (John 4:4-42)

Seventy (70) is also the number of God's punishment for Israel because of their disobedience. Many Bible stories are connected with *Ayin* (70). For seventy years Judah lived in exile before they were restored (Jeremiah 25:11; 29:10). The prophet (Daniel 9:24) prophesied that seventy (70) weeks would be allowed to put an end to sin. Israel's final restoration will be seventy years long (1948-2018).

Yeshua-Jesus appointed seventy disciples to go out in His name and preach the good news. (Luke 10) In Matthew 18:21-22 Jesus said to forgive those who sin against you seventy times seven (490 times).

80 = Peh (פ)

Peh means "mouth." With the mouth, one can talk, question and communicate with God and other people. We can also feed our physical bodies and preach the gospel or start wars linked to Good and Evil.

After the encounter with the serpent Adam's eyes were opened, and he saw that he was naked. When he hid from God, God asked, "Ajakah?" (Where are you?). God knew where Adam was hiding, but He wanted Adam to communicate with Him, to express his inner thoughts and answer back with his mouth (*Peh*). See (Genesis 3:9-19.)

When the first couple lost this paradise, an uncertain future awaited them. Adam and Eve in the Garden Eden could have asked God, why were we fenced in from a hazardous environment and the processes of life & death? Thus their experience typifies the universal human condition of unhappy and unsettled lives to live now in turmoil. Hence each of us will ask God the same question with his or her mouth, "Why do I face so many troubles in my life being subject to Evil and the laws of unforgiving nature?"

90 = Tzadi (צ)

Tzadi means "fishhook." To understand the many life mysteries is like analogue to get a wild fish from water onto dry land, you need a hook.

We live in the time dimension (*Mem* = "water"), but someone with a hook (*Tzadi*) pulls us out as soon as the mouth (*Peh*) has spoken. The gospel of Jesus Christ is like a (*Tzadi* = "fishhook"). It is explained by repenting and confession of sin with the mouth (*Peh*) by those who believe the good NEWS of the Gospel. In this way eternal life is received by faith.

People were spiritually designed to live forever being created in the image of God, but because of **Sin**, we must take a detour. Similarly, the Israelites did not enter the Promised Land directly from their deliverance out of the Egyptian bondage. Instead they wandered for a total of 40 years in the deserts between Egypt and the Promised Land. Most of the adults died on

the journey; the new generation survived to enter the land they longed for. Yeshua-Jesus chose fishermen as His disciples; hence men who would "fish" for people could add to the Kingdom of God.

100 = Kof (𐤑)

Kof means "eye of a needle." Jesus used an illustration of a camel going through the eye of a needle.

Jesus said to them again, "Children, how hard it is to enter the kingdom of God! It is easier for a camel to go through the eye of a needle than for someone who is rich to enter the kingdom of God." They were greatly astounded and said to one another, "Then who can be saved?" Jesus looked at them and said, "For mortals it is impossible, but not for God; for God all things are possible." (Mark 10:24-27)

It is just as impossible for sinful man to go through to the other side (Heaven) as for a camel to go through the eye of a needle. Jesus said that He alone can make this happen.

Abraham was promised a son when he was one hundred (100) years of age, and his wife Sarah was eighty years old. God told him that from the two of them would be born descendants as numerous as the stars in the heavens including royalty and the Redeemer. This seemed an impossible proposition, but the Lord assured Abraham that nothing is impossible with Him. Abraham believed, but Sarah laughed. She knew her body was wilted. When in the due course of time Sarah gave birth to this promised child, Abraham named the boy Isaac, which means "laughter."

Kof also means "children of promise" and "God's election of grace." (Galatians 4:28 and Romans 9:7-8) stated that believers in Yeshua-Jesus are "children of promise."

The number 100 can be expressed in the Hebrew system as one (1) in three dimensions or domains. The domains could represent, for example, Heaven, earth and under the earth with God as the head (1 = *Aleph*) over all. One hundred is also written as one (1) with two zeros. Zero (0) represents a circle. The circle indicates something infinite, with no beginning or end. The number one hundred (100) could represent someone (1) Alpha being inside or outside a circle (0). Yeshua-Jesus illustrates this in a story about one hundred sheep:

What do you think? If a shepherd has a hundred sheep, and one of them has gone astray, does he not leave the ninety-nine on the mountains and go in search of the one that went astray? And if he finds it, truly I tell you, he rejoices over it more than over the ninety-nine that never went astray. So it is not the will of your Father in Heaven that one of these little ones should be lost. (Matthew 18:12-14)

200 = Resh (ר)

Resh means an "emerging head."

The head comes out first during birth. *Aleph* is the head of the bull, but *Resh* is the head of man. It has a mouth and can talk to God, so *Resh* can also mean the brain where all bodily functions are anchored and connected.

Another meaning of *Resh* is "insufficiency" suggesting that something is "not enough." Human beings born in sin are insufficient to live in another dimension. We need something added from outside like a Gift of eternal Life to make us "good enough" to enter Heaven via the *Jod* dimension.

When Yeshua-Jesus asked the disciples to feed the five thousand men (plus women and children) who had followed them to the far shore of the Sea of Galilee, Philip answered Him, "Two hundred denarii worth of bread is not **sufficient** for them, for everyone to receive a little." (**John 6:7**) Even two hundred denarii (200) would not have been enough to feed the multitude. Only Jesus the Christ is sufficient to meet all our needs.

300 = Shin (ש)

Shin means "tooth" and refers to eating (*achol*).

Teeth are required for eating so they are involved in the process of life and death. When food is crushed by the teeth in its components like fruits, vegetables or meats, it loses their individual identities. In a philosophically similar way, when specific experiences of our past is mixed together, we will begin to see the meaning and purpose for our lives which can be expressed as a sense of general wellbeing.

All the senses (taste, smell, touch, and even sound) are involved in eating or to judge if the food is palatable. *Shin* is connected with the head and is coupled with what makes sense in this life.

400 = Tav (ט)

The last letter of the Hebrew alphabet is *Tav*, which means a "cross" or a "sign." It encompasses the outer region of existence of the material world. *Tav* can also mean "eternity." The number four hundred (400) can be broken down to 100 x 4. God in three dimensions or domains (100) is in control of "this world in this time" (4).

Combining Numbers

All numbers besides these twenty-two are written as combinations of the above numbers. For example, "teen" numbers (12, 13, etc.) do not exist in the Hebrew numbering system. They are expressed as 10 + 1, 10 + 2, 10 + 3, etc. Adding ten (*Jod*) to another number brings the meaning of that number up to a higher level.

The Hebrew alphabet is composed of twenty-two letters. The last book of the Bible (Revelation) has twenty-two chapters. Combining (*Kaf*) = twenty which means "holding or reaching hand" or "redemption") with two (*Beth*) which means "house") we get twenty-two (22) which represents "an active hand with purpose in my house."

The number twenty-two (22) can also mean "banned or exiled to another world." Jacob was separated from Isaac for twenty-two years. Joseph was separated from his father for twenty-two years.

A large number may be expressed by multiplying a base number by itself. For example, forty-nine (49) could be expressed as 7 x 7. Seven (*Zayin*) means "strife/sword"; therefore, 49 (seven squared) indicates seven times more trouble than seven.

To decide whether the proper meaning of a number in a particular instance can be determined by adding or multiplying other component numbers, we must examine the biblical contexts and compare several Bible verses that use that number. If many references indicate the same or similar meanings, we can be reasonably assured that a true interpretation has been established. (Please see the video on Page 6.)

The Creator YHWH in Everything

A thorough study of the Hebrew Alphabet Number System reveals that God has imbedded His complete plan for humankind in it.

1 = *Aleph*: "I am the *Alpha* and the *Omega*, the first and the last." (**Rev. 22:13**)

2 = *Beth*: "I am in the Father and the Father is in me." (**John 14:10**)

3 = *Gimel*: GodFather, GodSon, and GodSpirit (**Matthew 28:19**)

4 = *Daleth*: "And the Word became flesh." (**John 1:14**)

5 = *Heh*: Yeshua-Jesus rose from death. (**Luke 24:7** and **Mark 16:6**)

We could continue through the whole alphabet and still not fully capture the meaning of an infinite God. He is hidden in every level of human speech and thoughts that are expressed in numbers and letters yet we could never fully define Him with mere symbols like the Hebrew Alphabet.

The Hebrew Alphabet Number System (HANS) helped me to understand and date the Apocalypse. Whenever you read prophecy in the Torah-Bible just remember these numbers could be helpful to encode meanings of some mystery Truth. Because original calendars do not exist to date the WRATH of YHWH, perhaps could overlay it with HANS to find the date when a foretold Kingdom of Yeshua will surely arrive. The Plan for Mankind prophesied that **Evil** is eliminated and a future population will be educated in divine Laws to once more restore nature to the original *Daleth* earth. Again estimated after **1 Tishri 5782** (20 September 2021, or 2022)?
