

#15 = A Moslem Visitor Needs a Test – (revised 3-3-17)

The newly elected US President Donald Trump created a stir around the world with an unpopular presidential decree preventing Moslems from only six countries to enter the USA. He feared it would cause the same trouble like in many European cities duplicating an Islamic Spring. The Middle East was destroyed by well paid radicals outfitted with the latest weapon, some trained in the US, financed by NYC bankers worshipping Lucifer since 1913 and printing fiat money. Check history but link it to Bible prophecy, which has eternal life consequences.

Islamic terrorists shattered the infrastructure of their homelands by random killing, torture and cutting off heads to scare everybody. They uprooted millions of families creating massive chaos. Thus, a million miserable Moslems, thousands in refugee tent camps dream to immigrate to America and start a new life. They hope to resettle in abandoned buildings in Detroit and Chicago still outfitted with electricity-water and sewer not using welfare but creating work. Some countries are blessed with laws preventing the biggest abuses perpetrated by those in power. America was consecrated with a legal system adopted from the Bible that divided power to prevent abuse. Unfortunately, in the last 50 years the USA has changed greatly and is now ruled by atheism, which has distorted a society towards evil, abandoning the freedoms guaranteed by the US Constitution. God allowed a multi-billionaire Donald Trump to be a President, but being mortal, he will be judged, too, by the 10 Divine Laws embossed on the Rotunda in Washington.

Jesus mentioned the greatest commandments. (**Matt. 22:36-40**) Why assault American Indian Nations and Mexicans? Thus, we should learn lessons repeated many times in various cultures from the history of Mankind recorded in the Bible. It captivated me as a scientist now collected in Babushka eggs under a penname Jonah-II to warn this generation yet again of **God's Wrath**.

Back to testing visiting Moslems not embracing western culture, which can only be attained by looking deep inside the conscious make-up created for humans. The Bible teaches that a mind scorched with evil will act out evil. *Visa versa*, a loving heart will act out love, thus a simple test. Watching YouTube videos revealed some resist being brainwashed in clever deception applied to politics or science, thus they discovered truths. Only a Christian culture uses Bible laws like the swearing in ceremony for new officials who promise to uphold the truth. The Moslems have the Quran and likewise must adhere to its laws, but the test is simple to find out one's level of consciousness to decide. Is it compatible with the United States laws? We should read section of the Quran to them and quote it in their language "Do you agree or have reservation to do what is expected taught by Mohammed to go to heaven?" Then reference the Quran chapter and verse:

1. Kill or murder ever Christian
2. Kill or murder every Jew
3. Kill or murder your neighbor who does not comply (paragraph 1 plus 2)
4. Use a lie or deception necessary to achieve the goal for a holy jihad.

Thus, create an US entry document stating, "*I, _____, being a Moslem will not obey **Sharia Law** and swear on the Bible to tell the truth to abide by the US Constitution and its laws.*"

Have it signed with a witness sponsor and make a decision for a simple permit. It will create and expose an invisible conflict when their hand is put on the Bible to reveal an imbedded evil to murder to obey a planned jihad not suitable in an American culture and mankind. **Pearl #253**

Perhaps our corrupt legal system could be improved without cost while applying the present Laws and only change its practice. I propose that the prosecution should be allowed to present the whole history of the accused, but if the police or prosecution doctored the evidence should be fired from their job, as tarnished government bureaucratic employees will never be prosecuted. The defending lawyers should not have the power to choose and select the jury to decide a case. We need a one-way mirror to make the jury invisible so it will not be manipulated by a biased defense. The jury should be chosen from peers by an impartial system, like six persons from the same economic-education class – poor or wealthy, and six selected student lawyers learning to balance human behavior to gain experience not repeating a moron jury in the O. J. Simpson case.

Most people are not educated in various religions and throw out the baby with bath water. They will be ignorant about what a billion Moslems believe. They are flooding Europe and America and creating a big noise in the White House shaking up everybody. Comatose overpaid bureaucrats usually killing the wrong chicken laying the egg, like many Mexicans living in America beneficial to the USA. They never check out the neighborhood for criminals following forbidden Sharia Law. Europe is now overflowing with Moslem refugees. Look at what happened in London, which finally has an Islamic Mayor. Many towns in Europe have now huge neighborhoods where no local citizens can enter. Local police are no longer protecting them as guaranteed by the country's constitution. <https://www.youtube.com/watch?v=cWc5ct2Ov3E>

One Islamic strategy to take over a country begins with building a big mosque in a neighborhood with a loudspeaker on a tower to call for prayers five times waking you up early in the morning. The surrounding residents become afraid and bothered, so they sell their property, which is eagerly bought by Muslims thus changing the ethnic profile. That is also found in America. Watch any election, the biggest free entertainment for brainwashed Americans like turkeys on a ranch at feeding time. In Germany we have a better story to explain a social experiment caused by psychopathic NYC bankers aimed to control a New World Order only stopped by Yeshua.

The German invented a cuckoo clock, which is a good illustration of how the Islam religion works. A cuckoo bird's lifecycle shows a strange evil behavior. He calls his presence somewhere in the forest and quickly flies some distance and calls "cuckoo" again - repeated many times. He leaves the impression that many are around, but it is only a deception. Worse, during breeding time, she will find an established nest and throw out the original eggs replaced with her own. Now the foster parents raise the oversized chicks to maturity working hard and do not know they are deceived like evil experienced by mortals believing the atheist fairy tales enforced in every school by evil NYC psychotic bankers. Printing big grants worldwide is like the food for foster governments to hatch evil Satan eggs, thus blinded in ignorance they will not have offspring by using GMO patents. It is linked to unforgiving nature with the extinction of every modified food seed. It logically will guarantee the end of this civilization using the same Cuckoo bird technique.

To widen knowledge horizons why not read some Babushka science-pearls - your last chance before the **God's Wrath** arrives to stop Evil as prophesied in the Bible. Many fake theologians do not know the Plan for Mankind, thus why not widen knowledge horizons, if you still can read the old fashioned way, what Jonah-II (a German instrument maker) wrote. He repaired some cuckoo clocks and gained experience by comparing many ancient bronze-gold clocks in global museums collecting dust. He decoded a dozen and was surprised they matched (5) five world calendars. The biggest was the 7000 cycle Hebrew calendar. That one from the Torah-Bible corresponded to the Plan for Mankind published free in my first Babushka Book #1, ***From Eden to New Jerusalem***, dated at first by a screwed up Hebrew Calendar 2008-2015 now corrected to **Solstice 2017 (5777-5778)** being better educated. Check free **Pearl #276**.

Please, if so inclined, follow the trail. It will open the global mankind theater curtain to see what was arranged behind to better understand what is played out on the last act to end in judgment again with **God's Wrath** silenced in every American Christian church. But maybe watching some YouTube videos not controlled by the establishment you will see how Islam in Europe will change Western Civilization caused by the NYC Illuminati Banker cartel that was prophesied for thousands of years. To widen knowledge horizons, a scientist collected hundreds of science facts in **Pearl #270** sent to Obama and 100 foreign embassies. My humble prayer before the Throne in Heaven is that YHWH would send an Angel to give to every refugee Muslim family a Torah-Bible. This "is" the only hope for mankind to change an Islamic jihad brainwashed person committing acts based on Satan's Sharia laws. Next, TV will broadcast the last witness event when Elijah & Enoch arrived from heaven to die and be resurrected in Jerusalem together with the Saints. It will divide the Plan for Mankind into the main feature "peace on earth" now to last forever. Thus, the Second Law - ***Love your neighbor as yourself*** - will be a new covenant to start the Jewish Jubilee year honoring Yeshua-Jesus the King of Kings after the **2017 Solstice**.
